

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christina Papantoniou
DOCKET NO.: 23-53560.001-R-1
PARCEL NO.: 04-29-105-019-0000

The parties of record before the Property Tax Appeal Board are Christina Papantoniou, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,002
IMPR.: \$34,000
TOTAL: \$43,002

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story townhome of frame and masonry exterior construction with 2,020 square feet of living area. The dwelling is approximately 16 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 2-car garage. The property has an approximately 5,032 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on seven equity comparables located in the same assessment neighborhood code and on the same street as the subject property. The comparables are improved with 2-story class 2-95 dwellings of frame and masonry exterior construction ranging in size from 2,136 to 2,773 square feet of living area that

range in age from 15 to 17 years old. Each comparable has an unfinished basement, central air conditioning, two fireplaces and a 2-car garage. The comparables have improvement assessments ranging from \$32,000 to \$38,000 or from \$13.28 to \$15.45 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$27,856 or \$13.79 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$43,002. The subject property has an improvement assessment of \$34,000 or \$16.83 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on eight equity comparables presented in two grids where the comparables on the second grid have been renumbered #5 through #8. Four comparables are located in the same assessment neighborhood code and the same street as the subject property and four comparables are located in a different assessment neighborhood code than the subject property. The comparables are improved with 2-story class 2-95 dwellings of frame or frame and masonry exterior construction that have 2,020 or 2,219 square feet of living area. The comparables range in age from 15 to 22 years old. Each comparable has an unfinished basement, central air conditioning, one fireplace and a 2-car garage. The comparables have improvement assessments of \$34,000 and \$38,000 or \$16.83 and \$17.12 per square foot of living area, respectively. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 15 equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparables #5 through #8 which are less similar to the subject in dwelling size than other properties in the record.

The Board finds the best evidence of assessment equity to be board of review's comparables #1 through #4 which are identical or nearly identical to the subject in location, age, design, dwelling size and features. These comparables each have an improvement assessment of \$34,000 or \$16.83 per square foot of living area which is identical to the subject's improvement assessment of \$34,000 or \$16.83 per square foot of living area. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
