

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Minh Tuan Ong
DOCKET NO.: 23-53602.001-R-1
PARCEL NO.: 10-28-214-007-0000

The parties of record before the Property Tax Appeal Board are Minh Tuan Ong, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,448
IMPR.: \$78,675
TOTAL: \$85,123

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story, multi-family building of masonry exterior construction with 8,136 square feet of gross building area. The building is approximately 93 years old. Features include a basement, 6 bathrooms, and a 3-car garage. The property has a 4,960 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the same assessment neighborhood as the subject and from 0.33 of mile to 1.59 miles from the subject. The comparables are improved with class 2-11, 3-story multi-family buildings of masonry exterior construction ranging in size from 6,840 to 8,256

square feet of gross building area. The buildings are from 91 to 99 years old. Each comparable has a basement, from 4 to 7 bathrooms, and two fireplaces. Four comparables each have a 3-car or a 4-car garage. The comparables have improvement assessments ranging from \$62,278 to \$82,271 or from \$9.11 to \$9.97 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$91,000. The subject has an improvement assessment of \$84,552 or \$10.39 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four comparables, three of which are located within the subject's assessment neighborhood. Two comparables were reported to be located within 0.25 of a mile from the subject. The comparables are improved with class 2-11, 2-story or 3-story multi-family buildings of masonry exterior construction ranging in size from 5,022 to 6,636 square feet of gross building area. The buildings are from 60 to 93 years old. Three comparables each have a basement, and one comparable has a slab foundation. Each comparable has either 3, 5 or 6 bathrooms, and one comparable has a 2-car garage. The comparables have improvement assessments ranging from \$58,998 to \$72,875 or from \$10.77 to \$12.21 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 and the board of review's comparables due to differences from the subject in design, age and/or building size when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2, #3, #4 and #5. These comparables are overall most similar to the subject in design, age, building size and some features, except the appellant's comparable #3 lacks a garage amenity, which is a feature of the subject. These best comparables have improvement assessments ranging from \$69,186 to \$82,271 or from \$9.62 to \$9.97 per square foot of gross building area. The subject's improvement assessment of \$84,552 or \$10.39 per square foot of gross building area falls above the range established by the best comparables in the record and appears to be excessive. After considering adjustments to the best comparables in the record, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
