

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Melesio Olivares & Andrea Aguilar
DOCKET NO.: 23-53739.001-R-1
PARCEL NO.: 24-10-407-053-0000

The parties of record before the Property Tax Appeal Board are Melesio Olivares & Andrea Aguilar, the appellants, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,340
IMPR.: \$27,660
TOTAL: \$32,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,030 square feet of living area. The home is approximately 51 years old. Features include a partial basement with finished area and a 2-car garage. The property has a 6,200 square foot site and is located in Oak Lawn, Worth Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-78 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,002 to 2,710 square feet of living area. The homes range in age from 52 to 62 years old. Four comparables each have a partial basement with three having

finished area and one comparable has a slab foundation. Four comparables each have central air conditioning. Each comparable has a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$26,207 to \$31,415 or from \$11.59 to \$13.09 per square foot of living area. Based on this evidence, the appellants requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,000. The subject property has an improvement assessment of \$27,660 or \$13.63 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-78 dwellings of frame and masonry exterior construction ranging in size from 2,002 to 2,656 square feet of living area. The homes range in age from 51 to 59 years old. Each comparable has a full or partial basement with three having finished area, central air conditioning, and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$28,757 to \$37,010 or from \$13.93 to \$15.71 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellants' comparables #2 through #5 as well as board of review comparables #1 and #2 due to differences relative to the subject in dwelling size, basement finish, and/or foundation type.

The Board finds the best evidence of assessment equity to be the appellants' comparable #1 as well as board of review comparables #3 and #4 which are overall most similar to the subject in location, design/class, age, and dwelling size with varying degrees of similarity in other features. The best comparables have improvement assessments ranging from \$26,207 to \$32,410 or from \$13.09 to \$15.71 per square foot of living area. The subject's improvement assessment of \$27,660 or \$13.63 per square foot of living area falls within the range established by best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellants did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
