

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peggy Shadden
DOCKET NO.: 23-53760.001-R-1
PARCEL NO.: 24-19-410-009-0000

The parties of record before the Property Tax Appeal Board are Peggy Shadden, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,895
IMPR.: \$16,062
TOTAL: \$21,957

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame construction with 2,054 square feet of living area. The dwelling is approximately 67 years old. Features of the home include a slab foundation, central air conditioning, a fireplace and a two-car garage. The property has a 9,825 square foot site and is located in Worth, Worth Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five class 2-04 equity comparable properties with varying degrees of similarities to the subject which are located within a 0.9-mile radius of the subject. The improvements ranged: in age from 69 to 73 years; in size from 1,806 to 2,396 square feet of living area; and in improvement assessment from \$5.85 to \$6.65 per square foot of

living area. Appellant disclosed that this is an owner-occupied residence. Based on this evidence the appellant is seeking a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,957. The subject property has an improvement assessment of \$16,062 or \$7.82 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three¹ class 2-04 equity comparable properties with varying degrees of similarities to the subject which are located within a ¼-mile radius of the subject. The improvements ranged: in age from 67 to 69 years; in size from 1,914 to 2,003 square feet of living area; and in improvement assessment from \$8.18 to \$8.41 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparable properties for the Board's consideration in determining assessment equity. The Board finds the best evidence of assessment equity to be appellant's comparables #1, #2, #3, #4, and #5 and board of review's comparables #2, #3, and #4. Appellant's comparable were similar to the subject in age, size, two-car garage, and foundation. These comparables had crawl-space foundation while the subject had a slab foundation. The Board finds these foundation types to be similar. Four of these comparables had the same bathrooms as the subject while the other had one half bathroom less. Three of these comparables had central air conditioning like the subject while the others did not. Board of review's comparables #2, #3, and #4 were similar to the subject in age, size, and slab foundation. One of these comparables ha the same bathrooms as the subject while the others had one-half bathroom more or one-half bathroom less than the subject. These comparables did not have central air conditioning while the subject did have central air conditioning. Two of these comparables had a two-car garage like the subject while the other had a one-car garage. These comparable properties were similar to the subject and had improvement assessments that ranged from \$5.85 to \$8.41 per square foot of living area. The subject's improvement assessment of \$7.82 per square foot of living area falls within the range established by the best comparable properties in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

¹ Board of review completed the comparable properties grid with four entries. Entry #1 is the subject property. Entries #2, #3, and #4 will be considered by the Board as suggested comparable properties.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
