

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Maggie Chacko
DOCKET NO.: 23-53795.001-R-1
PARCEL NO.: 18-19-103-037-0000

The parties of record before the Property Tax Appeal Board are Maggie Chacko, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,756
IMPR.: \$71,841
TOTAL: \$92,597

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two or more-story dwelling of masonry construction with 3,937 square feet of living area. The dwelling is approximately thirty-three years old. Features of the home include a partial basement, central air conditioning, two fireplaces and a three-car garage. The property is in Burr Ridge, Lyons Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. Each of the appellant comparables are two or more story with frame and masonry or masonry construction. They each feature full or partial basements, central air conditioning and one fireplace. They vary in size, number of bathrooms and garage space. They range in living space from 3,804 to 4,450 square feet; and in improvement assessment from \$57,541 to \$75, 210 or \$14.92 to \$16.90 per square

foot. The appellant comparables range in distance to the subject property from 407 feet to .5 miles. The appellant is asking for a reduction in total assessment to \$83,276.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$92,597. The subject property has an improvement assessment of \$71,841 or \$18.25 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables. The board of review comparables are all two-story of masonry construction. They each feature full basements, central air conditioning, at least two fireplaces and a two or three car garage. They vary in size, number of bathrooms and other descriptors. The board comparables range in living space from 4,144 to 4,453 in square feet; and in improvement assessment from \$76,498 to \$99,711 or \$18.44 to \$23.28 per square feet of living area. Three of the four comparables are on the same block as the subject property, the fourth is within one quarter mile. The board of review is asking for no change in assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *appellant's comparables two and board of review comparables two and three*. These comparables most resemble the subject property in size, features and location. They had improvement assessments that ranged from \$16.55 to \$18.48 per square foot of living area. The subject's improvement assessment of \$18.25 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
