

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Susan Chae
DOCKET NO.: 23-53803.001-R-1
PARCEL NO.: 18-06-302-006-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Susan Chae, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, PTAB hereby finds **No Change** in the Cook County Board of Review's assessment of the property is warranted. The correct assessed valuation of the property is:

LAND: \$9,320
IMPR.: \$71,679
TOTAL: \$80,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a Cook County Board of Review decision pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) contesting the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

A 2,705 square feet, two-story frame-and-masonry structure on a 7,310 square feet lot in Hinsdale, Lyons Township, Cook County constitutes the subject property. The 25-year-old, class 2-78 residence per the Cook County Real Property Assessment Classification Ordinance included 1.5 bathrooms, central air conditioning, a full basement, and a two-car garage.

The appellant contends assessment inequity as the basis of the petition, arguing that the subject assessment must be lowered to \$24.74 per improvement square foot to be equitable. To show the subject was not uniformly assessed, the appellant volunteered four class 2-78 improvements within .4 miles of the subject as assessment benchmarks. The appellant's proposed comparators featured a two-car garage, air conditioning, two or 2.5 bathrooms, and a full or partial basement. These properties were 25 to 50 years in building age; 2,537 to 2,946 in living square footage; and \$23.43 to \$25.46 per improvement square foot in assessment.

The county board of review maintained in its “Notes on Appeal” that the subject improvement was fairly assessed at \$71,679, or \$26.50 per living square foot. In defense of the \$80,999 total subject assessment, the board of review introduced into evidence four two-story residences as equity comparables. The county board of review’s selections featured a full or partial basement, 2.5 to 3.5 bathrooms, air conditioning, and a two-car garage. These improvements were between 19 and 30 years in age; 2,344 and 2,696 square feet in area; and \$29.49 and \$36.11 per living square foot in assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. The Illinois Constitution requires that real estate taxes “be levied uniformly by valuation ascertained as the General Assembly shall provide by law.” Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not mandate absolute equality in taxation, however; instead, a reasonable degree of uniformity in the taxing authority’s assessments suffices. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When a property tax appeal is based on unequal treatment in the assessment, appellants must prove the inequity of the assessments by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof required for a criminal conviction. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation for the year in question of demonstrably similar properties with compelling proximity to, and a lack of distinguishing characteristics from, the subject property. 86 Ill.Admin.Code §1910.65(b). The Property Tax Appeal Board (PTAB) finds the appellant fell short of satisfying this burden of proof.

In this record, board of review comparable #3 and appellant comparables #1 and #4 best approximated the subject improvement’s attributes and therefore provide the best evidence of assessment equity. Board of review comparable #3 and appellant comparable #4 both lacked a marginal amount of the subject’s living area but compensated for the difference with an extra full bathroom relative to the subject. Meanwhile, though appellant comparable #1 also included an extra full bathroom, it contained the least living area of the comparators and therefore anchors the bottom of the \$23.43 to \$29.49 per improvement square foot assessment range. Because the subject’s \$26.50 per improvement square foot assessment falls within this range, PTAB concludes the appellant failed to show by clear and convincing evidence that the subject assessment was inequitable or that a reduction thereof is merited.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
