

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peter Stamatis
DOCKET NO.: 23-53901.001-R-1
PARCEL NO.: 04-20-303-028-0000

The parties of record before the Property Tax Appeal Board are Peter Stamatis, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,771
IMPR.: \$41,584
TOTAL: \$63,355

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,776 square feet of living area. The dwelling is approximately 37 years old. Features of the home include a full basement with finished area, central air conditioning, two fireplaces and a 2.5-car garage. The property has a 13,607 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on seven comparables that have the same neighborhood code as the subject and located within .32 of a mile from the subject, two of which are on the same street as the subject. The comparables are improved with class 2-78 properties improved with 2-story dwellings of frame or masonry exterior construction

ranging in size from 2,865 to 3,800 square feet of living area. The dwellings are 39 to 45 years old. Six homes have full basements and one home has a crawl space foundation. The comparables each have central air conditioning, two fireplaces and a 2-car garage. The comparables have improvement assessments ranging from \$40,203 to \$53,214 or from \$12.91 to \$14.08 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$63,355. The subject property has an improvement assessment of \$41,584 or \$14.98 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same neighborhood code and located on same block and street as the subject or $\frac{1}{4}$ of a mile from the subject. The comparables are class 2-78 properties improved with 2-story dwellings of masonry exterior construction ranging in size from 2,826 to 3,152 square feet of living area. The dwellings are 38 or 39 years old and have full unfinished basements. The comparables each have central air conditioning, one fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$48,249 to \$55,804 or from \$16.24 to \$19.34 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eleven equity comparables for the Board's consideration with the same neighborhood and property classification codes as the subject. The Board gives less weight to appellant's comparables #1, #3, #4 and #7 due to differences from the subject in dwelling size and/or foundation.

The Board finds the best evidence of assessment equity to be appellant's comparables #2, #5 and #6 along with the board of review comparables which overall are more similar to the subject in age, dwelling size and features. These comparables have improvement assessments ranging from \$40,203 to \$55,804 or from \$13.30 to \$19.34 per square foot of living area. The subject has an improvement assessment of \$41,584 or \$14.98 per square foot of living area, which falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement assessment was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
