

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christine Hornik  
DOCKET NO.: 23-53980.001-R-1  
PARCEL NO.: 24-17-208-006-0000

The parties of record before the Property Tax Appeal Board are Christine Hornik, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$7,770  
**IMPR.:** \$49,842  
**TOTAL:** \$57,612

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 3-story, multi-family building of masonry exterior construction with 5,850 square feet of gross building area. The building is approximately 51 years old. Features include a slab foundation. The property has an 8,400 square foot site and is located in Chicago Ridge, Worth Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted five equity comparables located within the subject's assessment neighborhood. The comparables are improved with 3-story or higher, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 5,922 to 8,064 square feet of gross building area. The buildings range in age from 31 to 50 years old. Three comparables each have a full or partial basement and two comparables each have a

slab foundation. One comparable has central air conditioning. Comparable #1 has a 3-car garage. The comparables have improvement assessments ranging from \$46,043 to \$62,141 or from \$7.69 or \$7.98 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$57,612. The subject property has an improvement assessment of \$49,842 or \$8.52 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood. The comparables are improved with 3-story, class 2-11 multi-family buildings of masonry exterior construction with either 5,850 or 5,985 square feet of gross building area. The buildings range in age from 43 to 45 years old. Two comparables each have a full basement and two comparables each have a slab foundation. The comparables have improvement assessments ranging from \$50,391 to \$53,773 or from \$8.61 to \$9.07 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 which has a 3-car garage, a feature the subject lacks. The Board gives less weight to the appellant's comparables #2, #3, and #5 as well as board of review comparables #1 and #4 which feature a basement foundation, in contrast to the subject's slab foundation. The Board also gives less weight to the appellant's comparable #4 which differs substantially from the subject in age and gross building size as well as featuring central air conditioning, unlike the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #2 and #3 which are identical to the subject dwelling size and similar in location, design/class, age, and other features. These comparables have improvement assessments of \$50,391 and \$53,050 or \$8.61 and \$9.07 per square foot of gross building area, respectively. The subject's improvement assessment of \$49,842 or \$8.52 per square foot of gross building area falls below the two best comparables in this record. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
