

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ioannis Synadinos
DOCKET NO.: 23-54047.001-R-1
PARCEL NO.: 24-17-208-005-0000

The parties of record before the Property Tax Appeal Board are Ioannis Synadinos, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,770
IMPR.: \$54,731
TOTAL: \$62,501

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story, multi-family building of masonry exterior construction with 5,625 square feet of gross building area. The building is approximately 31 years old. Features include a slab foundation, 6 full bathrooms, 6 half bathrooms, and central air conditioning. The property has an 8,400 square foot site and is located in Chicago Ridge, Worth Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted nine equity comparables located within the subject's assessment neighborhood. The comparables are reported to be improved with 3-story or higher, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 5,178 to 5,985 square feet of gross building area. The buildings range in

age from 25 to 51 years old. Six comparables each have a full or partial basement, one of which has finished area, and three comparables each have a slab foundation. The comparables each have 5 or 6 full bathrooms with three of these having 1 or 5 half bathrooms. Two comparables each have central air conditioning and a 3-car garage. The comparables have improvement assessments ranging from \$45,981 to \$51,567 or from \$7.69 or \$8.88 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$62,501. The subject property has an improvement assessment of \$54,731 or \$9.73 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood. The comparables are improved with 3-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 4,389 to 5,648 square feet of gross building area. The buildings range in age from 24 to 29 years old. Each comparable has a slab foundation, 5 or 8 full bathrooms, central air conditioning, and a 4-car garage. The comparables have improvement assessments ranging from \$49,978 to \$55,013 or from \$9.74 to \$11.83 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 13 suggested equity comparables for the Board's consideration. The Board none of the parties' comparables are truly similar to the subject in overall property characteristics. Nevertheless, the Board gives less weight to the appellant's comparables #2 and #4 through #9 as well as board of review comparable #2 due to differences relative to the subject in age, dwelling size, central air conditioning, and/or foundation type. The Board gives most weight to the parties' remaining comparables which are overall most similar to the subject in location, design/class, age, and size as well as featuring central air conditioning, like the subject. However, each of these comparables has fewer bathrooms than the subject suggesting upward adjustments would be required to make them more equivalent to the subject. Conversely, each comparable has a 3-car or a 4-car garage, which the subject lacks, suggesting downward adjustments would be required to make them more equivalent to the subject. The five most similar comparables have improvement assessments ranging from \$45,981 to \$55,013 or from \$8.77 to \$10.33 per square foot of gross building area. The subject's improvement assessment of \$54,731 or \$9.73 per square foot of gross building area falls within the range established by the best comparables in this record. After considering adjustments to the best

comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
