

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christine Okelman  
DOCKET NO.: 23-54068.001-R-1  
PARCEL NO.: 24-17-312-015-0000

The parties of record before the Property Tax Appeal Board are Christine Okelman, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,824  
**IMPR.:** \$29,176  
**TOTAL:** \$34,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,824 square feet of living area. The home is approximately 70 years old. Features include a crawl space foundation, central air conditioning, and a 2-car garage. The property has an 8,040 square foot site and is located in Chicago Ridge, Worth Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on seven equity comparables located in the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-06 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 2,486 to 3,215 square feet of living area. The homes range in age from 62

to 73 years old. Each comparable has a crawl space or a slab foundation. Four comparables each have central air conditioning. Six comparables each have from a 1.5-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$24,694 to \$30,176 or from \$8.56 to \$9.98 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,000. The subject property has an improvement assessment of \$29,176 or \$10.33 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-06 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 2,814 to 2,953 square feet of living area. The homes range in age from 67 to 71 years old. One comparable has a partial basement and three comparables each have a crawl space foundation. Three comparables each have central air conditioning. Each comparable has a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$29,176 to \$33,613 or from \$10.37 to \$11.85 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3, #5, #6, and #7 as well as board of review comparables #2 and #4 due to differences relative to the subject in dwelling size, central air conditioning, foundation type, and/or garage amenity.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #4 as well as board of review comparables #1 and #3 which are overall most similar to the subject in location, design/class, age, dwelling size, and other features. The comparables have improvement assessments ranging from \$27,176 to \$32,375 or from \$9.46 to \$11.05 per square foot of living area. The subject's improvement assessment of \$29,176 or \$10.33 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
