

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joyce Latta
DOCKET NO.: 23-54317.001-R-1
PARCEL NO.: 18-04-300-001-0000

The parties of record before the Property Tax Appeal Board are Joyce Latta, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,261
IMPR.: \$49,287
TOTAL: \$60,548

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 3,523 square feet of living area. The dwelling is approximately 119 years old. Features of the home include a full basement and a two-car garage.¹ The property has a 9,384 square foot site and is located in LaGrange, Lyons Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five class 2-11 equity comparable properties with varying degrees of similarities to the subject which are located within a six-block radius of the subject. The improvements ranged: in age from 44 to 144 years; in size from 2,812 to 6,436

¹ Appellant submits that two-car garage was torn down in June 2023. As the assessment on the subject property reflects a value as of Jan 1, 2023, the Board finds that the subject property was properly described as including a two-car garage.

square feet of living area; and in improvement assessment from \$9.47 to \$16.58 per square foot of living area. Appellant submits that this is an owner-occupied residence. Based on this evidence the appellant is seeking a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$70,999. The subject property has an improvement assessment of \$59,739 or \$16.96 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four class 2-06 equity comparable properties with varying degrees of similarities to the subject which are located within a ¼-mile radius of the subject. The improvements ranged: in age from 100 to 122 years; in size from 3,472 to 3,847 square feet of living area; and in improvement assessment from \$23.10 to \$26.45 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine equity comparable properties for the Board's consideration in determining assessment equity. The Board finds the best evidence of assessment equity to be appellant's comparables #1, #3, and #5. The Board gives no weight to the suggested comparables of the board of review as they are for properties of class 2-06 under the Cook County Real Property Assessment Classification Ordinance. Class 2-06 is defined as Two-or-more story residence, over 62 years of age, 2,201 to 4,9999 square feet. The subject property is of class 2-11 under the Cook County Real Property Assessment Classification Ordinance. Class 2-11 is defined as Apartment building with 2 to 6 units, any age. Appellant's comparables #1, #3, and #5 were similar to the subject in classification, size, and full basement. Two of the comparables were very similar in size to the subject, while one had slightly less square feet of living area than the subject. One of the comparables had the same bathrooms as the subject while the others had one or two half bathrooms less than the subject. Two of the comparables had a two-car garage like the subject while the other had no garage. Two of the comparables had no central air conditioning like the subject while the other had central air conditioning. These comparable properties were similar to the subject and had improvement assessments that ranged from \$9.47 to \$16.58 per square foot of living area. The subject's improvement assessment of \$16.96 per square foot of living area falls above the range established by the best comparable properties in this record. Based on this record the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
