

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dan Dibennardi
DOCKET NO.: 23-54328.001-R-1
PARCEL NO.: 24-02-319-021-0000

The parties of record before the Property Tax Appeal Board are Dan Dibennardi, the appellant, by Brian S. Maher, attorney-at-law of Weis, DuBrock, Doody & Maher in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,301
IMPR.: \$22,698
TOTAL: \$27,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a one-story dwelling of masonry exterior construction containing 1,780 square feet of living area. The dwelling is approximately 71 years old. Features of the property include a full basement, one fireplace, 2½ bathrooms, and a 2-car garage. The property has a 7,573 square foot site located in Evergreen Park, Worth Township, Cook County. The subject is a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables consisting of class 2-03 properties improved with one-story dwellings of masonry or frame and masonry exterior construction that range in size from 1,356 to 1,594 square feet of living area. The homes are from 68 to 73 years old. Three comparables have slab foundations

and one comparable has a full basement. One comparable has central air conditioning. Three comparables each have one fireplace and three comparables have a 1-car or a 2-car garage. The comparables have 1 or 1½ bathrooms. The comparables have the same assessment neighborhood code as the subject property. Their improvement assessments range from \$13,434 to \$16,511 or from \$9.91 to \$10.38 per square foot of living area. The appellant requested the improvement assessment be reduced to \$18,103.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,999. The subject property has an improvement assessment of \$22,698 or \$12.75 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables consisting of class 2-03 properties improved with one-story dwellings of masonry exterior construction that range in size from 1,423 to 1,723 square feet of living area. The homes are 56 to 70 years old. Each property has a partial or full basement with three having finished area, one fireplace, 2 or 2½ bathrooms, and a 2-car garage. Three comparables have central air conditioning. The comparables have the same neighborhood code as the subject and are located ¼ of a mile from the subject. Their improvement assessments range from \$22,330 to \$24,330 or from \$13.58 to \$15.99 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on eight equity comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The Board gives less weight to the appellant's comparables due to differences from the subject in dwelling size and/or foundation. The Board gives less weight to board of review comparable #3 due to differences from the subject in dwelling size, being approximately 20% smaller than the subject home. The Board finds the best evidence of assessment equity to be board of review comparables #1, #2, and #3 that range in size from 1,612 to 1,723 square feet of living area and are 56 or 67 years old. The comparables have varying degrees of similarity to the subject in features requiring adjustments to make these properties more equivalent to the subject property. Nevertheless, these comparables have improvement assessments that range from \$22,330 to \$24,330 or from \$13.58 to \$15.09 per square foot of living area. The subject's improvement assessment of \$22,698 or \$12.75 per square foot of living area falls within the range of the total improvement assessments but is below the range on a per square foot of living area basis as established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
