

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Julie Polehonki
DOCKET NO.: 23-54523.001-R-1
PARCEL NO.: 24-03-128-060-0000

The parties of record before the Property Tax Appeal Board are Julie Polehonki, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,400
IMPR.: \$14,600
TOTAL: \$17,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,236 square feet of living area. The dwelling is approximately 70 years old. Features of the home include a partial basement with finished area,¹ central air conditioning 1½ bathrooms, central air conditioning and a 1½-car garage. The property has a 4,000 square foot site and is located in Hometown, Worth Township, Cook County. The subject is classified as a class 2-10 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood and within 0.50 of a mile from the subject. The comparables consist of class 2-10, 1-story dwellings of frame

¹ The board of review disclosed the subject's basement has finished area, which was unrefuted by the appellant.

exterior construction ranging in size from 1,176 to 1,458 square feet of living area. The homes are from 68 to 73 years old. The comparables have slab or crawl space foundations, either 1, 1½ or 2 bathrooms and 1 or 2 fireplaces. Two comparables each have central air conditioning, and four comparables have either a 1½-car or a 2½-car garage. The comparables have improvement assessments ranging from \$9,420 to \$12,842 or from \$6.99 to \$9.96 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its “Board of Review Notes on Appeal” disclosing the total assessment for the subject property of \$17,000. The subject property has an improvement assessment of \$14,600 or \$11.81 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject’s assessment neighborhood and within the subject’s block or approximately ¼ of a mile from the subject. The comparables consist of class 2-10, 1-story dwellings of frame exterior construction ranging in size from 1,144 to 1,252 square feet of living area. The homes are from 66 to 71 years old. The comparables have crawl space foundations, 1 or 1½ bathrooms, central air conditioning and a 1½-car garage. One comparable has a fireplace. The comparables have improvement assessments of \$14,600 and \$15,600 or from \$12.00 to \$13.64 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject’s assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine equity comparables for the Board’s consideration, all of which have a slab or crawl space foundation in contrast to the subject’s partial basement with finished area. Nevertheless, the Board gives less weight to the appellant’s comparables #1, #2, #4 and #5 which are less similar to the subject in dwelling size or lack central air conditioning and/or a garage, which are features of the subject.

The Board finds the best evidence of assessment equity to be the appellant’s comparable #3 and the board of review’s comparables which are overall most similar to the subject in location, design, age, dwelling size and most features. These five comparables have improvement assessments ranging from \$11,234 to \$15,600 or from \$9.55 to \$13.64 per square foot of living area. The subject’s improvement assessment of \$14,600 or \$11.81 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject’s

improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
