

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Douglas Warshauer
DOCKET NO.: 23-55166.001-R-1
PARCEL NO.: 04-13-304-037-0000

The parties of record before the Property Tax Appeal Board are Douglas Warshauer, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$44,126
IMPR.: \$179,424
TOTAL: \$223,550

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 6,675 square feet of living area. The dwelling is approximately 23 years old. Features of the home include a full basement, central air conditioning, four fireplaces and a 3-car garage. The property has a 44,126 square foot site and is located in Northfield, Northfield Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables with the same assessment neighborhood code as the subject and located within .46 of a mile from the subject. The comparables are class 2-09 properties improved with 2-story dwellings of masonry exterior construction ranging in size from 5,602 to 7,885 square feet of

living area. The dwellings are 17 to 35 years old and have full basements. Each comparable has central air conditioning, one fireplace and a 3-car to a 4-car garage. The comparables have improvement assessments ranging from \$119,340 to \$152,372 or from \$18.99 to \$24.88 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$223,550. The subject property has an improvement assessment of \$179,424 or \$26.88 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. Comparable #1 is located on same block and street as the subject. Comparable #2 is located within ¼ of a mile from the subject. Proximity to the subject was not reported for comparables #3 and #4.¹ The comparables are class 2-09 properties improved with 2-story dwellings of masonry exterior construction ranging in size from 6,476 to 6,992 square feet of living area. The homes are 13 to 33 years old and have full basements, three with finished area. The comparables each have central air conditioning, one to three fireplaces and a 3-car or a 4-car garage. The comparables have improvement assessments ranging from \$186,188 to \$237,959 or from \$27.51 to \$36.30 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested comparables for the Board's consideration. The Board gives less weight to appellant's comparables #2 through #5 due to differences in dwelling size when compared to the subject. The Board gives less weight to board of review comparables #3 and #4 which are located less proximate to the subject than the other comparables in the record based on their parcel identification numbers.

The Board finds the best evidence of equity to be appellant's comparable #1 and board of review comparables #1 and #2 which overall are more similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments ranging from \$134,867 to \$237,959 or from \$18.99 to \$36.30 per square foot of living area. The subject's improvement assessment of \$179,424 or \$26.88 per square foot of living area is within the range established

¹ The board of review comparables #3 and #4 have PINs that begin with 04-24, indicating the properties are located in section 24 of the township, whereas the subject's PIN beginning with 04-13 indicates the subject is located in section 13.

by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
