

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matthew Perille
DOCKET NO.: 23-55231.001-R-1
PARCEL NO.: 04-35-103-001-0000

The parties of record before the Property Tax Appeal Board are Matthew Perille, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,166
IMPR.: \$53,338
TOTAL: \$63,504

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,713 square feet of living area. The dwelling is approximately 83 years old. Features of the home include a basement with finished area,¹ central air conditioning, and a fireplace. The property has a 6,354 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood and within 0.71 of a mile from the subject. The comparables consist of class 2-06, 2-story dwellings of masonry exterior construction

¹ The board of review disclosed the subject's basement has a finished area, which was unrefuted by the appellant.

ranging in size from 2,209 to 3,040 square feet of living area. The dwellings are from 65 to 98 years old. Three comparables have basements, and two comparables have slab foundations. Three comparables each have central air conditioning, each comparable has 1 or 2 fireplaces, and four comparables have from a 1-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$23,500 to \$52,022 or from \$10.20 to \$19.01 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$39,203 or \$14.45 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$63,504. The subject property has an improvement assessment of \$53,338 or \$19.66 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same assessment neighborhood as the subject. The comparables consist of class 2-06, 2-story dwellings of frame or frame and masonry exterior construction ranging in size from 2,288 to 2,768 square feet of living area. The dwellings are from 64 to 79 years old. The comparables have basements, 1 or 2 fireplaces, and a 2-car garage. Three comparables have central air conditioning. The comparables have improvement assessments ranging from \$61,432 to \$76,800 or from \$25.14 to \$30.40 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparables #3 and #4 which are less similar to the subject in age or foundation type than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1 and #2. These comparables overall are most similar to the subject in age, dwelling size, location, and foundation type but have varying degrees of similarity to the subject in other features. These two comparables have improvement assessments of \$61,432 and \$63,453 or \$25.14 and \$26.85 per square foot of living area. The subject's improvement assessment of \$53,338 or \$19.66 per square foot of living area falls below the improvement assessments of the two best comparables in the record. After considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
