

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Wessel
DOCKET NO.: 23-55341.001-R-1
PARCEL NO.: 04-34-214-015-0000

The parties of record before the Property Tax Appeal Board are Steven Wessel, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,108
IMPR.: \$39,612
TOTAL: \$56,720

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,497 square feet of living area. The dwelling is approximately 60 years old. Features of the home include a basement with finished area, 2½ bathrooms, one fireplace and a 2-car garage. The property has an approximately 10,693 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1-story class 2-03 dwellings of masonry exterior construction ranging in size from 1,388 to 1,555 square feet of living area. The homes range from 62 to 65

years old. Each comparable has a basement with finished area, 1 or 1½ bathrooms and a 1-car or a 2-car garage. Two dwellings have central air conditioning and four homes each have one fireplace. The comparables have improvement assessments ranging from \$23,500 to \$36,248 or from \$15.11 to \$24.01 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$28,892 or \$19.30 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$56,720. The subject property has an improvement assessment of \$39,612 or \$26.46 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1-story class 2-03 dwellings of masonry exterior construction ranging in size from 1,425 to 1,631 square feet of living area. The homes are 67 or 68 years old. Each comparable has an unfinished basement, 1½ or 2½ bathrooms, one fireplace and a 2-car garage. Two dwellings have central air conditioning. The comparables have improvement assessments ranging from \$45,158 to \$64,315 or from \$30.33 to \$41.93 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration which are similar to the subject in age, design, dwelling size and some features. However, the board of review comparables are located more proximate to the subject than are the appellant's comparables and have improvement assessment ranging from \$45,158 to \$64,315 or from \$30.33 to \$41.93. The parties' comparables have improvement assessments ranging from \$23,500 to \$64,315 or from \$15.11 to \$41.93 per square foot of living area. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified. Furthermore, the subject's improvement assessment is well supported by the board of review's comparables which are most proximate to the subject in location.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
