

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kenneth Kraft
DOCKET NO.: 23-55348.001-R-1
PARCEL NO.: 04-34-303-013-0000

The parties of record before the Property Tax Appeal Board are Kenneth Kraft, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,182
IMPR.: \$25,775
TOTAL: \$37,957

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame and masonry exterior construction with 1,738 square feet of living area. The dwelling is approximately 70 years old and features a basement with finished area and 1½ bathrooms. The property has an approximately 7,614 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same assessment neighborhood code and from 0.08 to 0.52 of a mile from the subject property. The comparables are improved with 1-story or 1.5-story class 2-03 dwellings of frame and masonry exterior construction ranging in size from 1,572 to 1,754 square

feet of living area. The homes range from 68 to 73 years old. Each comparable has a basement with finished area, 1 to 2½ bathrooms and from a 1-car to a 2.5-car garage. Three dwellings have central air conditioning and one home has a fireplace. The comparables have improvement assessments ranging from \$19,665 to \$30,200 or from \$12.29 to \$17.85 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$25,775 or \$14.83 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$46,316. The subject property has an improvement assessment of \$34,134 or \$19.64 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located in the same assessment neighborhood code and subarea as the subject property. The comparables are improved with 1.5-story class 2-03 dwellings of frame and masonry exterior construction ranging in size from 1,518 to 1,629 square feet of living area that are 68 or 69 years old. Each comparable has a basement, with one having finished area. Each dwelling has 1½ or 2 bathrooms, one fireplace and a 1-car or a 2-car garage. Two homes have central air conditioning. The comparables have improvement assessments ranging from \$33,180 to \$38,832 or from \$20.84 to \$25.58 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives reduced weight to appellant comparables #3, #4 and #5 along with the board of review's comparables which are less similar to the subject in location, dwelling size and/or bathroom count than other properties in the record. The Board finds the best evidence of assessment equity to be appellant comparables #1 and #2 which are most similar to the subject in location, age, classification and dwelling size. However, these properties present varying degrees of similarity to the subject in central air conditioning, garage amenity and/or bathroom count, suggesting adjustments are needed to make these properties more equivalent to the subject. These comparables have improvement assessments of \$24,160 and \$26,852 or \$13.77 and \$15.80 per square foot of living area. The subject's improvement assessment of \$34,135 or \$19.64 per square foot of living area falls above the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
