

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vilas Khandeparker
DOCKET NO.: 23-55351.001-R-1
PARCEL NO.: 18-19-103-028-0000

The parties of record before the Property Tax Appeal Board are Vilas Khandeparker, the appellant(s), by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,014
IMPR.: \$83,985
TOTAL: \$110,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry construction with 5,790 square feet of living area. The dwelling is approximately thirty five years old. Features of the home include a partial basement, central air conditioning, a fireplace, three and a half bathrooms and a three-car garage. The property is located in Burr Ridge, Lyons Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. The appellant comparables are all two story of masonry construction. They each share partial or full basements, central air conditioning, two fireplaces and a three or three and a half car garage. The appellant comparables range in size from 5,348 to 5,715 square feet of living area; and in improvement

assessment from \$66,810 to \$80,288 or \$11.75 to \$14.36 per square foot of living space. The appellant comparables range from .14 to .21 miles distance to the subject property. The appellant is asking for a reduction in total assessment to \$103,269.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$110,999. The subject property has an improvement assessment of \$83,985 or 14.51 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables. Each of the board comparables are two-story of frame and masonry or masonry construction. They all feature partial or full basements, central air conditioning, at least one fireplace, and a three or four car garage. They range in size from 5,224 to 6,156 square feet of living area; and in improvement assessment from \$78,891 to \$135,416 or \$14.71 to \$22.72 per square foot of living space. The board comparables are all on the same block as the subject property. The board of review is asking for no change in assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *appellant's comparables two and four and board of review comparables four*. These comparables were most similar to the subject based on location, size and features, they had improvement assessments that ranged from \$13.26 to \$22.72 per square foot of living area. The subject improvement assessment of \$14.51 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
