

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Betty Barasch
DOCKET NO.: 23-55818.001-R-1
PARCEL NO.: 04-16-308-010-0000

The parties of record before the Property Tax Appeal Board are Betty Barasch, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$28,509
IMPR.: \$25,080
TOTAL: \$53,589

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry construction with 1,500 square feet of living area which is approximately 57 years old. Features of the home include 2½ baths, a partial basement finished with a recreation room, central air conditioning, 1 fireplace, and a 2-car garage. The property has a 19,992 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-34 property¹ under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this claim, the appellant submitted a grid with information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with class 2-34, split-level dwellings of frame, masonry, or frame and

masonry construction ranging in size from 1,500 to 2,131 square feet of living area and ranging in age from 52 to 60 years old. Each comparable features a partial basement with undisclosed finished areas, and a 2-car garage. Three comparables have central air conditioning and two comparables each have 1 fireplace. The comparables have improvement assessments ranging from \$16,000 to \$26,000 or from \$10.67 to \$13.32 per square foot of living area. Based on this evidence, the appellant requested a reduction to the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$53,589. The subject has an improvement assessment of \$25,081 or \$16.72 per square foot of living area.

In support of the subject's assessment, the board of review submitted information on four comparable properties located within ¼ of a mile from the subject and within the same assessment neighborhood code as the subject property. The comparables consist of multi-level, class 2-34 dwellings of frame and masonry construction each containing 1,500 square feet of living area and ranging in age from 54 to 61 years old. Each comparable features a partial basement finished with a recreation room, central air conditioning, and a 2-car garage. Two comparables each have a fireplace. The comparables have improvement assessments ranging from \$26,175 to \$27,500 or from \$17.45 to \$18.33 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables in support of their positions. The Board gave less weight to appellant's comparables #2, #3, and #4 based on their significantly larger dwelling sizes relative to the subject dwelling. The Board also gave reduced weight to appellant's comparable #1 due to this comparable appearing to be an outlier based on its significantly lower improvement assessment given the remaining comparables in this record. Furthermore, the appellant did not disclose the basement finish areas of the comparables, thus making a true comparative analysis less reliable when utilizing these comparables. The Board finds the best evidence of equity in assessment to be the board of review comparables which are located in close proximity to the subject and are nearly identical to the subject in design/class, dwelling size, age, foundation, and most features. These best equity comparables in the record have improvement assessments ranging from \$26,175 to \$27,500 or from \$17.45 to \$18.33 per square foot of living area. The subject's improvement assessment of \$25,081 or \$16.72 per square foot of living area falls below the range established by the most similar equity comparables in this record both in terms of overall improvement assessment and on a per square foot of living area basis.

After considering all the comparables submitted by the parties with emphasis on those properties with the most similar location and characteristics, and after considering appropriate adjustments to the comparables for any differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
