

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Pastorelli
DOCKET NO.: 23-56183.001-R-1
PARCEL NO.: 14-30-103-034-0000

The parties of record before the Property Tax Appeal Board are Richard Pastorelli, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$31,250
IMPR.: \$58,332
TOTAL: \$89,582

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a 2021 tax year final administrative decision of the Property Tax Appeal Board pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) in order to challenge the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,324 square feet of living area. The home is approximately 16 years old. Features of the home include a full basement with finished area, central air conditioning, one fireplace, and a 2.5-car garage. The property has a 3,125 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant filed a direct appeal contending assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story, class 2-78 dwellings of frame or masonry exterior construction ranging in size from 2,160 to 2,529 square feet of living area. The homes range in age from 25 to 27 years old. The comparables each have a full basement, three

of which have finished area. Each comparable has central air conditioning and a 2-car garage. Four comparables have either one or two fireplaces. The comparables have improvement assessments ranging from \$43,130 to \$50,000 or from \$17.50 to \$21.41 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$45,945 or \$19.77 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$89,582. The subject property has an improvement assessment of \$58,332 or \$25.10 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the subject's assessment neighborhood. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-78 dwellings of frame or masonry exterior construction ranging in size from 2,145 to 2,736 square feet of living area. The homes range in age from 14 to 16 years old. Each comparable has a full basement, three of which have finished area, central air conditioning, and one or two fireplaces. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$55,750 to \$71,750 or from \$25.20 to \$26.22 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The appellant submitted five suggested equity comparables for the Board's consideration. The Board gives less weight to board of review comparables #1 and #2 which differ substantially from the subject in dwelling size and/or lack a garage, which is a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables as well as board of review comparables #3 and #4 which are similar to the subject in design/class, age, dwelling size, and other features. These comparables have improvement assessments ranging from \$43,130 to \$59,750 or from \$17.50 to \$25.99 per square foot of living area. The subject's improvement assessment of \$58,332 or \$25.10 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which exists on the basis of the evidence in this record.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
