

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Charles Paulopoulos
DOCKET NO.: 23-56563.001-R-1
PARCEL NO.: 10-20-401-059-0000

The parties of record before the Property Tax Appeal Board are Charles Paulopoulos, the appellant, by attorney Elly Drake, of Ryan Law, PLLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,060
IMPR.: \$23,161
TOTAL: \$31,221

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Property Tax Appeal Board pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2023 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,274 square feet of living area. The dwelling is approximately 62 years old. Features of the home include a basement with finished area,¹ central air conditioning, a fireplace, and a 2-car garage. The property has a 6,200 square foot site located in Morton Grove, Niles Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the subject's assessment neighborhood and within approximately 2 miles from the subject property. The comparables consist of class 2-03, 1-story dwellings of masonry exterior

¹ The board of review disclosed the subject's basement has a finished area, which was unrefuted by the appellant.

construction ranging in size 1,352 to 1,732 square feet of living area. The dwellings are from 68 to 81 years old. One comparable has a crawl space foundation, and three comparables each have a basement. Three comparables each have central air conditioning and a fireplace. Each comparable has either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$15,459 to \$20,282 or from \$11.43 to \$12.96 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$31,221. The subject property has an improvement assessment of \$23,161 or \$18.18 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three comparables located within the same assessment neighborhood and block as the subject property. Two comparables are located along the subject's street. The comparables consist of class 2-03, 1-story dwellings of masonry exterior construction of 1,243 or 1,288 square feet of living area. The dwellings are 65 or 70 years old. Each comparable has a basement, with one having finished area, and central air conditioning. Two comparables have either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$23,940 to \$25,940 or from \$18.59 to \$20.14 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables which are located approximately 2 miles from the subject and also differ from the subject in age, dwelling size and/or foundation type.

The Board finds the best evidence of assessment equity to be the board of review's comparables which are located within the same assessment neighborhood, block and/or street as the subject. Moreover, these comparables are also relatively similar to the subject in age, dwelling size, foundation type and some features. These three comparables have improvement assessments that range from \$23,940 to \$25,940 or from \$18.59 to \$20.14 per square foot of living area. The subject's improvement assessment of \$23,161 or \$18.18 per square foot of living area falls below the range established by the best comparables in the record. After considering adjustments to the best comparables for differences in features from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
