FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Mary-Kay Crossen
DOCKET NO.: 23-57112.001-R-1
PARCEL NO.: 14-31-411-039-0000

The parties of record before the Property Tax Appeal Board are Mary-Kay Crossen, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$18,200
IMPR.:	$61,560
TOTAL:	$79,760

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed a direct appeal pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2023 tax year, after receiving a reduction through a stipulation in assessment for the same property in case 22-36448.001-R-1. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, multi-unit dwelling of masonry construction with 2,160 square feet of living area. The dwelling is approximately 132 years old. Features of the home include a full basement and a one-car garage. The property has a 2,600 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales with varying degrees of similarity to the subject. The appellant reported that the suggested comparable properties shared the same neighborhood code as the subject and all were within .21 miles of the subject property. The suggested comparable properties were all class 2-11 properties, ranging in age from 115 to 135

years old, in size from 2,447 to 2,900 square feet of living area, and all had full basements. They sold from September 2020 to August 2023 for prices ranging from $267.59 to $357.14 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment to $65,975.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $79,760. The subject's assessment reflects a market value of $797,600 or $369.26 per square foot of living area, including land, when applying the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales with varying degrees of similarity to the subject. The board of review indicated that each of the suggested comparables was in the same subarea as the subject property. The comparables are described as two-story multi-unit dwellings of masonry construction with full basements. They range in age from 95 to 130 years old and in size from 1,760 to 2,079 square feet of living area. They sold from September 2022 to November 2023 for prices ranging from $396.83 to $673.05 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be appellant's comparable sale #2 and board of review comparable sales #2 and #4. These comparables sold for prices ranging from $310.58 to $673.05 per square foot of living area, including land. The subject's assessment reflects a market value of $369.26 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
