

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Glenn Zomchek
DOCKET NO.: 24-00449.001-R-1
PARCEL NO.: 14-18-312-001

The parties of record before the Property Tax Appeal Board are Glenn Zomchek, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$41,897
IMPR.: \$216,202
TOTAL: \$258,099

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,524 square feet of living area. The dwelling was constructed in 2005. Features of the home include a basement, central air conditioning, one fireplace, a garage with 925 square feet of building area and a 496 square foot swimming pool.¹ The property has a site with approximately 22,366 square feet of land area and is located in Lake Zurich, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of brick, frame or brick and stucco exterior construction that range in size from 3,262 to 3,958 square feet of living area. The dwellings were built from 2000 to 2004. Each comparable has a basement, central air conditioning, one fireplace and

a garage ranging in size from 528 to 1,014 square feet of building area. The comparables have improvement assessments that range from \$188,667 to \$215,151 or from \$54.36 to \$57.84 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$199,810 or \$56.70 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$258,099. The subject property has an improvement assessment of \$216,202 or \$61.35 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three suggested equity comparables located in the same assessment neighborhood as the subject property. The comparables are improved with 2-story dwellings of brick, frame or brick and frame exterior construction that range in size from 3,294 to 3,721 square feet of living area. The dwellings were built from 2002 to 2020. Each comparable has a basement, central air conditioning and a garage ranging in size from 880 to 1,481 square feet of building area. Two comparables each have either two or three fireplaces. The comparables have improvement assessments ranging from \$207,892 to \$232,864 or from \$62.58 to \$63.33 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board has given less weight to appellant's comparable #4 as well as board of review comparable #2 due to their differences from the subject in age and/or dwelling size.

The Board finds the best evidence of assessment equity to be appellant's comparables #1, #2 and #3 along with board of review comparables #1 and #3. The Board finds that these comparables are most similar to the subject in location, design, age, dwelling size and some features. These most similar comparables have improvement assessments ranging from \$188,667 to \$232,864 or from \$57.11 to \$63.33 per square foot of living area. The subject's improvement assessment of \$216,202 or \$61.35 per square foot of living area, falls within the range established by the best comparables contained in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
