

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vesna Dardic
DOCKET NO.: 24-00450.001-R-1
PARCEL NO.: 15-29-313-009

The parties of record before the Property Tax Appeal Board are Vesna Dardic, the appellant, by attorney Arden Edelcup, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$35,553
IMPR.: \$100,104
TOTAL: \$135,657

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,136 square feet of living area. The dwelling was constructed in 1972. Features of the home include central air conditioning, one fireplace, a patio and a garage with 440 square feet of building area. The property has a site with approximately 11,312 square feet of land area and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five suggested equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of frame exterior construction that each contain 2,136 square feet of living area. The dwellings were built from 1970 to 1973. Each comparable has central air conditioning, one fireplace, a garage containing 440 square feet of building area and either a patio or a deck. Comparable #1 has a shed. The comparables have improvement assessments that range from \$78,338 to \$82,315 or from \$36.68 to \$38.54 per square foot of living area. Based on this

evidence, the appellant requested the subject's improvement assessment be reduced to \$78,562 or \$36.78 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$135,657. The subject property has an improvement assessment of \$100,104 or \$46.87 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five suggested equity comparables located in the same assessment neighborhood as the subject property. The comparables are improved with 2-story dwellings of frame exterior construction that each contain 2,136 square feet of living area. The dwellings were built from 1970 to 1973. The comparables each have central air conditioning, one fireplace, and a garage containing 440 square feet of building area. The comparables have improvement assessments ranging from \$100,323 to \$104,540 or from \$46.97 to \$48.94 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, counsel for the appellant submitted a grid analysis for four of the board of review comparables and a rebuttal for items not reported by the board of review. Counsel reported that comparable #4 has an enclosed porch.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted ten suggested comparables for the Board's consideration. The Board finds that all of the comparables are similar to the subject in location, design, age, dwelling size and some features. These comparables have improvement assessments ranging from \$78,338 to \$104,540 or from \$36.68 to \$48.94 per square foot of living area. The subject's improvement assessment of \$100,104 or \$46.87 per square foot of living area, falls within the range established by the comparables contained in the record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
