

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marc Lee
DOCKET NO.: 24-00452.001-R-1
PARCEL NO.: 15-14-402-027

The parties of record before the Property Tax Appeal Board are Marc Lee, the appellant, by attorney Arden Edelcup, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$73,098
IMPR.: \$247,736
TOTAL: \$320,834

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 4,139 square feet of living area. The dwelling was constructed in 2015. Features of the home include a basement, central air conditioning, one fireplace and a garage with 805 square feet of building area. The property has a site with approximately 20,447 square feet of land area and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three suggested equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of brick or brick and frame exterior construction that range in size from 4,441 to 5,412 square feet of living area. The dwellings were built from 2015 to 2017. Each comparable has a basement, central air conditioning, one or two fireplaces and a garage that range in size from 768 to 960 square feet of building area. The comparables have improvement assessments that range from \$240,994 to \$267,970 or from \$44.53 to \$59.10 per square

foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$239,062 or \$57.76 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$320,834. The subject property has an improvement assessment of \$247,736 or \$59.85 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three suggested equity comparables located in the same assessment neighborhood as the subject property. Comparables #2 and #3 are the same properties as the appellant's comparables #1 and #2. The comparables are improved with 2-story dwellings of frame or brick exterior construction that range in size from 3,896 to 4,788 square feet of living area. The dwellings were built in 2015 and 2016. Each comparable has a basement, one with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 768 to 960 square feet of building area. The comparables have improvement assessments ranging from \$233,746 to \$267,970 or from \$55.97 to \$60.00 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted four suggested comparables for the Board's consideration with two being common to both parties. The Board has given less weight to appellant's comparables #2 and #3 as well as board of review comparable #3, which includes one common comparable, due to their larger dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #1 along with board of review comparables #1 and #2, which includes one common comparable. The Board finds that these two comparables are most similar to the subject in location, age, design, dwelling size and some features. These two most similar comparables have improvement assessments of \$233,477 and \$262,477 or \$59.10 and \$60.00 per square foot of living area. The subject's improvement assessment of \$247,736 or \$59.85 per square foot of living area, is bracketed between the two best comparables contained in the record. Based on this record and after considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
