

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sajeev Cherian
DOCKET NO.: 24-00454.001-R-1
PARCEL NO.: 15-21-306-009

The parties of record before the Property Tax Appeal Board are Sajeev Cherian, the appellant, by attorney Arden Edelcup, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,311
IMPR.: \$211,771
TOTAL: \$258,082

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 3,576 square feet of living area. The dwelling was constructed in 2015. Features of the home include a basement with finished area, central air conditioning, one fireplace and a garage with 742 square feet of building area. The property has a site with approximately 12,968 square feet of land area and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five suggested equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of frame exterior construction that each contain 3,576 square feet of living area. The dwellings were built in 2015 and 2016. Each comparable has a basement with finished area, central air conditioning, one or two fireplaces and a garage containing 742 square feet of building area. The comparables have improvement assessments that range from \$186,696 to \$200,291 or from \$52.21 to \$56.01 per square foot of living area. Based on this

evidence, the appellant requested the subject's improvement assessment be reduced to \$198,468 or \$55.50 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$258,082. The subject property has an improvement assessment of \$211,771 or \$59.22 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four suggested equity comparables located in the same assessment neighborhood as the subject property. Comparables #3 and #4 are the same properties as the appellant's comparables #4 and #5. The comparables are improved with 2-story dwellings of frame exterior construction that each contain 3,576 square feet of living area. The dwellings were built in 2015. Each comparable has a basement, three with finished area, central air conditioning, one or two fireplaces and a garage containing 742 square feet of building area. The comparables have improvement assessments ranging from \$198,937 to \$242,303 or from \$55.63 to \$67.76 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration, two of which are common to both parties. The Board has given less weight to board of review comparable #1 due to its unfinished basement when compared to the subject and other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables along with board of review comparables #2, #3 and #4, which includes the two common comparables. The Board finds that these comparables are most similar to the subject in location, age, design, dwelling size and some features. These most similar comparables have improvement assessments ranging from \$186,696 to \$242,303 or from \$52.21 to \$67.76 per square foot of living area. The subject's improvement assessment of \$211,771 or \$59.22 per square foot of living area, falls within the range established by the best comparables contained in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
