

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alexey Chamkin
DOCKET NO.: 24-00474.001-R-1
PARCEL NO.: 15-13-102-003

The parties of record before the Property Tax Appeal Board are Alexey Chamkin, the appellant, by attorney Arden Edelcup, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$73,020
IMPR.: \$158,982
TOTAL: \$232,002

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,311 square feet of living area. The dwelling was constructed in 1979. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a 480 square foot garage. The property has a 20,818 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .43 of a mile from the subject. The comparables are described as 2-story dwellings of frame or brick and frame exterior construction ranging in size from 3,348 to 3,551 square feet of living area. The dwellings were constructed from 1985 to 1988. Each home has a basement with finished area, central air conditioning, one fireplace and a garage ranging in

size from 500 to 825 square feet of building area. The comparables have improvement assessments ranging from \$142,648 to \$165,834 or from \$42.61 to \$49.27 per square foot of living area.

Based on this evidence the appellant requests a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$247,592. The subject property has an improvement assessment of \$174,572 or \$52.72 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within .47 of a mile from the subject. The comparables are described as 2-story dwellings of frame, brick or brick and frame exterior construction ranging in size from 3,310 to 3,320 square feet of living area. The dwellings were constructed from 1984 to 2018 and have basements, two of which have finished area. Each home has central air conditioning, one fireplace, and a garage ranging in size from 462 to 959 square feet of building area. The comparables have improvement assessments ranging from \$183,445 to \$242,174 or from \$55.25 to \$73.16 per square foot of living area. Based on this evidence the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains eight equity comparables for the Board's consideration. The Board gives less weight to appellant's comparable #2 along with board of review comparables #2, #3 and #4 which have a larger garage amenity and/or lack finished basement area when compared to the subject. The Board gives less weight to board of review comparable #1 due to its considerably newer dwelling when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #1, #3 and #4 which overall are more similar to the subject in location, age, dwelling size and features. These comparables had improvement assessments that ranged from \$142,648 to \$157,503 or from \$42.61 to \$44.35 per square foot of living area. The subject's improvement assessment of \$174,572 or \$52.72 per square foot of living area falls above the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
