

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Neil Holman  
DOCKET NO.: 24-00483.001-R-1  
PARCEL NO.: 15-28-301-026

The parties of record before the Property Tax Appeal Board are Neil Holman, the appellant, by attorney Arden Edelcup, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$48,583  
**IMPR.:** \$187,043  
**TOTAL:** \$235,626

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame exterior construction with 3,385 square feet of living area. The dwelling was constructed in 2009. Features of the home include a basement, central air conditioning, one fireplace, a deck and a garage with 476 square feet of building area. The property has a site with approximately 7,840 square feet of land area and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three suggested equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of frame exterior construction that contain either 3,166 or 3,656 square feet of living area. The dwellings were built from 2009 to 2012. Each comparable has a basement, one with finished area, central air conditioning, a deck or a porch and a garage with 462 or 640 square feet of building area. Two comparables each have either one or two fireplaces. The comparables have improvement assessments that range from \$183,481 to \$194,120 or

from \$51.31 to \$57.95 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$179,405 or \$53.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$235,626. The subject property has an improvement assessment of \$187,043 or \$55.26 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three suggested equity comparables located in the same assessment neighborhood as the subject property. The comparables are improved with 2-story dwellings of frame exterior construction that range in size from 2,640 to 3,133 square feet of living area. The dwellings were built in 2011 or 2012. Each comparable has a basement, one with finished area, central air conditioning and a garage that range in size from 500 to 568 square feet of building area. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$154,629 to \$181,122 or from \$56.70 to \$58.57 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. The Board has given less weight to appellant's comparable #3 as well as board of review comparable #3 due to their finished basements when compared to the subject. The Board has given reduced weight to board of review comparable #1 due to its smaller dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #2 along with board of review comparable #2. The Board finds that these comparables are most similar to the subject in location, age, design, dwelling size and some features. These most similar comparables have improvement assessments ranging from \$166,937 to \$194,120 or from \$51.31 to \$56.70 per square foot of living area. The subject's improvement assessment of \$187,043 or \$55.26 per square foot of living area, falls within the range established by the best comparables contained in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
