

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sharon Vandervere
DOCKET NO.: 24-00558.001-R-1
PARCEL NO.: 04-33-307-041

The parties of record before the Property Tax Appeal Board are Sharon Vandervere, the appellant, by attorney Arden Edelcup, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,727
IMPR.: \$88,323
TOTAL: \$99,050

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of vinyl siding exterior construction with 1,624 square feet of living area. The dwelling was constructed in 1977 and is 47 years old. Features of the home include a full basement, central air conditioning, a fireplace, a 440 square foot attached garage, and a 624 square foot detached garage. The property has an approximately 19,009 square foot site and is located in Beach Park, Benton Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within .98 of a mile of the subject, one of which is in the subject's assessment neighborhood. The comparables consist of one-story dwellings of wood or vinyl siding exterior construction ranging in size from 1,494 to 2,003 square feet of living area. The homes were built from 1985 to 2006. Each dwelling has central air conditioning, a basement with one having finished area, and a garage ranging in size

from 504 to 780 square feet of building area. Three comparables each have a fireplace and comparable #2 has an additional 576 square foot garage. The parcels range in size from 7,800 to 20,110 square feet of land area. The comparables sold from August 2022 to February 2024 for prices ranging from \$245,000 to \$310,000 or from \$132.91 to \$163.99 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$87,091, for an estimated market value of \$261,299 or \$160.98 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$99,050. The subject's assessment reflects a market value of \$297,180 or \$183.00 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.¹

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within the subject's assessment neighborhood and within 1.03 miles of the subject. The comparables consist of one-story dwellings of wood siding or brick exterior construction ranging in size from 1,424 to 1,668 square feet of living area. The dwellings range from 46 to 55 years old. Each dwelling has central air conditioning, a basement with one having finished area, and a garage ranging in size from 528 to 672 square feet of building area. Two comparables each have either one or two fireplaces and comparable #4 has an inground swimming pool. The parcels range in size from 12,787 to 41,382 square feet of land area. The comparables sold from February 2023 to December 2024 for prices ranging from \$262,000 to \$352,000 or from \$183.99 to \$227.10 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the comparables presented by the appellant, which differ from the subject in age, dwelling size, site size, and/or sold less proximate to the January 1, 2024 assessment date at issue. The Board also gives reduced weight to board of review comparable #4, which differs from the subject in location and site size, and features finished basement area and an inground pool unlike the subject.

¹ Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill. Admin. Code §1910.50(c)(1). Prior to the drafting of this decision, the Department of Revenue has yet to publish figures for tax year 2024.

The Board finds the best evidence of market value to be board of review comparable sales #1, #2, and #3, which sold proximate to the assessment date at issue and are similar to the subject in age, location, dwelling size, site size, and features. These most similar comparables sold in November and December 2024 for prices ranging from \$314,000 to \$352,000 or from \$191.85 to \$227.10 per square foot of living area, including land. The subject's assessment reflects a market value of \$297,180 or \$183.00 per square foot of living area, including land, which is below the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
