

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jimmy Cusan
DOCKET NO.: 24-00660.001-R-1
PARCEL NO.: 16-04-307-001

The parties of record before the Property Tax Appeal Board are Jimmy Cusan, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$145,217
IMPR.: \$224,133
TOTAL: \$369,350

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.75-story dwelling of brick and wood siding exterior construction with 3,276 square feet of living area. The dwelling was constructed in 1955 and is approximately 69 years old. The subject's property record card reports the property was remodeled in 2016 and has an effective age of 1986. Features of the home include a basement with finished area, central air conditioning, two fireplaces and a 440 square foot garage. The property has an approximately 24,505 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with 1.75-story or 2-story dwellings of wood siding exterior

construction ranging in size from 2,648 to 3,946 square feet of living area. The homes range in age from 61 to 70 years old. Each comparable has a basement with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 420 to 529 square feet of building area. The comparables have improvement assessments ranging from \$167,596 to \$251,583 or from \$61.53 to \$63.76 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$205,732 or \$62.80 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$369,350. The subject has an improvement assessment of \$224,133 or \$68.42 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 3,124 to 3,456 square feet of living area. The homes range in age from 58 to 61 years old. Each comparable has a basement with finished area, central air conditioning, one to three fireplaces and a garage ranging in size from 440 to 918 square feet of building area. The comparables have improvement assessments ranging from \$225,203 to \$238,723 or from \$69.07 to \$75.19 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparable #1 which are less similar to the subject in dwelling size and/or garage size than other properties in the record.

The Board finds the best evidence of assessment equity to be board of review comparables #2, #3 and #4 which are more similar to the subject in location, age, dwelling size and other features. These comparables have improvement assessments that range from \$225,203 to \$234,895 or from \$69.34 to \$75.19 per square foot of living area. The subject's improvement assessment of \$224,133 or \$68.42 per square foot of living area falls below the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
