

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matthew Frank
DOCKET NO.: 24-00662.001-R-1
PARCEL NO.: 16-29-201-004

The parties of record before the Property Tax Appeal Board are Matthew Frank, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$51,799
IMPR.: \$313,089
TOTAL: \$364,888

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,364 square feet of living area that is 12 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace and a 588 square foot garage. The property has an approximately 10,125 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 3,105 to 3,836 square feet of living area. The homes range in age from 9 to 20 years old. Each comparable has a basement with finished area, central air conditioning, one

fireplace and a garage ranging in size from 420 to 584 square feet of building area. The comparables have improvement assessments that range from \$247,992 to \$298,363 or from \$77.71 to \$79.87 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$264,915 or \$78.75 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$364,888. The subject has an improvement assessment of \$313,089 or \$93.07 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of stone or wood siding exterior construction ranging in size from 2,938 to 3,360 square feet of living area that range in age from 6 to 10 years old. Each comparable has a basement with finished area, central air conditioning and a garage ranging in size from 400 to 770 square feet of building area. Three dwellings each have one fireplace. The comparables have improvement assessments that range from \$274,050 to \$313,804 or from \$92.72 to \$94.13 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to appellant comparable #2 along with board of review comparables #1 and #2 which are less similar to the subject in age and/or dwelling size than other properties in the record.

The Board finds the best evidence of assessment equity to be appellant comparables #1, #3 and #4 together with board of review comparables #3 and #4 which are more similar to the subject in location, age, design, dwelling size and most features. These comparables have improvement assessments that range from \$247,992 to \$313,804 or from \$77.71 to \$94.13 per square foot of living area. The subject's improvement assessment of \$313,089 or \$93.07 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
