

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jordon Katz
DOCKET NO.: 24-00780.001-R-1
PARCEL NO.: 16-26-303-001

The parties of record before the Property Tax Appeal Board are Jordon Katz, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$104,908
IMPR.: \$246,995
TOTAL: \$351,903

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,504 square feet of living area. The dwelling is 44 years old. Features of the home include a full basement with finished area, central air conditioning, a fireplace, and a 600 square foot garage. The property has a 14,760 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the subject's assessment neighborhood and within .57 of a mile of the subject. The comparables consist of two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 4,089 to 4,818 square feet of living area. The homes range in age from 46 to 68 years old. Each dwelling has central air conditioning, one or two

fireplaces, a full basement with three having finished area, and a garage ranging in size from 483 to 621 square feet of building area. The comparables have improvement assessments ranging from \$207,920 to \$242,564 or from \$50.35 to \$50.87 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$228,476 or \$50.73 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$351,903. The subject property has an improvement assessment of \$246,995 or \$54.84 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located in the subject's assessment neighborhood and within .4 of a mile of the subject. The comparables consist of two-story dwellings of brick exterior construction ranging in size from 4,479 to 4,500 square feet of living area. The homes are either 40 or 53 years old. Each dwelling has central air conditioning, a fireplace, a full basement with finished area, and a garage ranging in size from 528 to 836 square feet of building area. The comparables have improvement assessments ranging from \$250,671 to \$280,453 or from \$55.70 to \$62.62 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #2 through #4, which differ from the subject in age.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and the comparables submitted by the board of review comparable, which are similar to the subject in age, location, dwelling size, and features. These comparables have improvement assessments that range from \$242,564 to \$280,453 or from \$50.35 to \$62.62 per square foot of living area. The subject's improvement assessment of \$246,995 or \$54.84 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
