

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patricia Greco
DOCKET NO.: 24-00800.001-R-1
PARCEL NO.: 10-34-203-002

The parties of record before the Property Tax Appeal Board are Patricia Greco, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$35,792
IMPR.: \$247,513
TOTAL: \$283,305

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 5,206 square feet of living area. The dwelling was constructed in 2000 and is 24 years old. Features of the home include a full basement, central air conditioning, two fireplaces, and a 1,167 square foot garage. The property has a 48,870 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located in the subject's assessment neighborhood and within .88 of a mile of the subject. The comparables consist of two-story dwellings of brick or wood siding exterior construction ranging in size from 4,104 to 5,260 square feet of living area. The homes were built from 1988 to 1991. Each dwelling has central air conditioning, two or four fireplaces, a full basement with two having finished area, and a

garage ranging in size from 544 to 912 square feet of building area. The parcels range in size from 44,070 to 65,070 square feet of land area. The comparables sold from January to June 2022 for prices ranging from \$615,000 to \$730,000 or from \$123.57 to \$149.85 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$241,413, for an estimated market value of \$724,311 or \$139.13 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$283,305. The subject's assessment reflects a market value of \$850,000 or \$163.27 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.¹

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located in the subject's assessment neighborhood and within .82 of a mile of the subject. The comparables consist of one-story or two-story dwellings of brick or siding exterior construction ranging in size from 3,412 to 7,055 square feet of living area. The dwellings are 18 to 34 years old. Each dwelling has central air conditioning, one or two fireplaces, a full basement with three having finished area, and a garage ranging in size from 600 to 1,661 square feet of building area. The parcels range in size from 43,246 to 81,418 square feet of land area. The comparables sold from August 2023 to July 2024 for prices ranging from \$712,500 to \$1,300,000 or from \$184.27 to \$215.42 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant argued that the board of review comparables differ from the subject in dwelling size, bathroom count, design, and/or basement finish. The appellant also argued that the board of review comparable #4 was not advertised for sale.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the comparables submitted by the appellant, which sold 18 to 24 months prior to the January 1, 2024 assessment date at issue in this appeal. The Board also gives reduced weight to the board of review comparable #4, which differs from the subject in design.

¹ Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill. Admin. Code §1910.50(c)(1). Prior to the drafting of this decision, the Department of Revenue has yet to publish figures for tax year 2024.

The Board finds the best evidence of market value to be the board of review comparable sales #1 through #3, which sold proximate to the assessment date at issue and are similar to the subject in age, location, and most features, noting each of these comparables requires an adjustment for dwelling size to make it more equivalent to the subject. These most similar comparables sold for prices ranging from \$735,000 to \$1,300,000 or from \$184.27 to \$215.42 per square foot of living area, including land. The subject's assessment reflects a market value of \$850,000 or \$163.27 per square foot of living area, including land, which is within the range established by the best comparable sales in this record overall and below the range on a per-square-foot basis. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
