

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alla Kheifets  
DOCKET NO.: 24-00803.001-R-1  
PARCEL NO.: 10-35-305-004

The parties of record before the Property Tax Appeal Board are Alla Kheifets, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$42,780  
**IMPR.:** \$125,979  
**TOTAL:** \$168,759

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,651 square feet of living area. The dwelling was constructed in 2003 and is 21 years old. Features of the home include a full basement with finished area, central air conditioning, a fireplace, and a 740 square foot garage. The property has a 21,780 square foot site and is located in Long Grove, Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located in the subject's assessment neighborhood and within .27 of a mile of the subject. The comparables consist of two-story dwellings of vinyl siding exterior construction ranging in size from 2,961 to 3,551 square feet of living area. The homes were built from 2000 to 2003. Each dwelling has central air conditioning, a fireplace, a full basement with one having finished area, and a garage containing

either 635 or 816 square feet of building area. The parcels contain either 10,450 or 19,600 square feet of land area. The comparables sold from March 2022 to February 2023 for prices ranging from \$501,018 to \$620,000 or from \$168.49 to \$174.60 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$149,510, for an estimated market value of \$448,575 or \$169.21 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$168,759. The subject's assessment reflects a market value of \$506,328 or \$190.99 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.<sup>1</sup>

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located in the subject's assessment neighborhood and within .25 of a mile of the subject. The comparables consist of two-story dwellings of brick or siding exterior construction ranging in size from 3,450 to 3,619 square feet of living area. The dwellings range from 21 to 23 years old. Each dwelling has central air conditioning, a fireplace, a full basement with two having finished area, and a garage ranging in size from 620 to 847 square feet of building area. The parcels range in size from 12,632 to 28,314 square feet of land area. The comparables sold from May 2023 to March 2024 for prices ranging from \$715,000 to \$768,000 or from \$198.95 to \$222.61 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant argued that the board of review comparables differ from the subject in dwelling size and/or basement finish.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables #2 and #3, which sold less proximate to the January 1, 2024 assessment date at issue in this appeal.

The Board finds the best evidence of market value to be the parties' remaining comparables, which sold proximate to the assessment date at issue and are similar to the subject in age, location, and most features, noting each of these comparables requires a downward adjustment

<sup>1</sup> Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill. Admin. Code §1910.50(c)(1). Prior to the drafting of this decision, the Department of Revenue has yet to publish figures for tax year 2024.

for dwelling size to make it more equivalent to the subject. These most similar comparables sold for prices ranging from \$620,000 to \$768,000 or from \$174.60 to \$222.61 per square foot of living area, including land. The subject's assessment reflects a market value of \$506,328 or \$190.99 per square foot of living area, including land, which falls below the range established by the best comparable sales in this record overall and within the range on a per-square-foot basis. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
