

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Malvin and Ruth Kaufman
DOCKET NO.: 24-00870.001-R-1
PARCEL NO.: 16-26-414-003

The parties of record before the Property Tax Appeal Board are Malvin and Ruth Kaufman, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$85,696
IMPR.: \$218,920
TOTAL: \$304,616

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,242 square feet of living area. The dwelling is 57 years old. Features of the home include a full basement with finished area, central air conditioning, a fireplace, and a 506 square foot garage. The property has an 11,940 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellants submitted information on four equity comparables located in the subject's assessment neighborhood and within .54 of a mile of the subject. The comparables consist of two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 3,908 to 4,534 square feet of living area. The homes range in age from 54 to 85 years old. Each dwelling has central air conditioning, one or two

fireplaces, a full basement with three having finished area, and a garage ranging in size from 484 to 672 square feet of building area. The comparables have improvement assessments ranging from \$180,780 to \$215,362 or from \$45.43 to \$47.50 per square foot of living area. Based on this evidence, the appellants requested a reduced improvement assessment of \$197,210 or \$46.49 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$304,616. The subject property has an improvement assessment of \$218,920 or \$51.61 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the subject's assessment neighborhood and within .19 of a mile of the subject. The comparables consist of two-story dwellings of brick exterior construction ranging in size from 4,202 to 4,258 square feet of living area. The homes are either 44 or 47 years old. Each dwelling has central air conditioning, one or two fireplaces, a full basement with two having finished area, and a garage ranging in size from 494 to 529 square feet of building area. Comparable #3 has an inground swimming pool. The comparables have improvement assessments ranging from \$226,060 to \$228,421 or from \$53.65 to \$54.14 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellants' comparables #2 and #3, which differ from the subject in age. The Board also gives less weight to the board of review comparable #3, which features an inground swimming pool unlike the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables, which are similar to the subject in age, location, dwelling size, and most features. These comparables have improvement assessments that range from \$188,449 to \$228,421 or from \$45.43 to \$54.14 per square foot of living area. The subject's improvement assessment of \$218,920 or \$51.61 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
