

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lisa Cohen
DOCKET NO.: 24-00879.001-R-2
PARCEL NO.: 16-23-411-013

The parties of record before the Property Tax Appeal Board are Lisa Cohen, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$187,273
IMPR.: \$343,094
TOTAL: \$530,367

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of stucco exterior construction with 5,398 square feet of living area. The dwelling was constructed in 1875 and is 149 years old. Features of the home include a full basement with finished area, central air conditioning, two fireplaces, a 768 square foot garage, and an inground swimming pool. The property has a 34,500 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located in the subject's assessment neighborhood and from .16 of a mile to 1.17 miles from the subject. The comparables consist of 2-story, 2.5-story, or 3-story dwellings of brick, stucco, or wood siding exterior construction ranging in size from 5,301 to 6,314 square feet of living area. The homes were built from 1894 to 2001. Each dwelling has central air conditioning, two fireplaces, and a full basement with

four having finished area. Four comparables each have a garage ranging in size from 600 to 1,135 square feet of building area. The parcels range in size from 18,600 to 49,310 square feet of land area. The comparables sold from May 2022 to July 2024 for prices ranging from \$1,020,000 to \$1,537,500 or from \$194.21 to \$248.71 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$370,428, for an estimated market value of \$1,111,395 or \$205.89 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$530,367. The subject's assessment reflects a market value of \$1,591,260 or \$294.79 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.¹

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located in the subject's assessment neighborhood and within .75 of a mile of the subject. The comparables consist of 2.5-story dwellings of brick, stucco, or wood siding exterior construction ranging in size from 4,426 to 5,215 square feet of living area. The dwellings range from 112 to 148 years old. Each dwelling has central air conditioning, one or four fireplaces, a full basement with finished area, and a garage ranging in size from 549 to 770 square feet of building area. The parcels range in size from 21,473 to 22,920 square feet of land area. The comparables sold from August 2023 to July 2024 for prices ranging from \$1,425,000 to \$1,800,000 or from \$321.96 to \$371.82 per square foot of living area, including land. The board of review also submitted a copy of the listing sheet associated with the subject's 2014 sale disclosing a sale price of \$2,100,000. The board of review also asserted that the subject had a \$578,000 permit in 2012 for an addition and remodel. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables #1 through #3, which differ from the subject in dwelling size, location, foundation, lack a garage, or sold less proximate to the January 1, 2024 assessment date at issue in this appeal. The Board also gives reduced weight to the board of review comparable #2, which differs from the subject in dwelling size.

¹ Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill. Admin. Code §1910.50(c)(1). Prior to the drafting of this decision, the Department of Revenue has yet to publish figures for tax year 2024.

The Board finds the best evidence of market value to be the parties' remaining comparables, which sold proximate to the assessment date at issue and are similar to the subject in dwelling size, location, and most features, noting each comparable requires an upward adjustment for its lack of an inground swimming pool to make it more equivalent to the subject. These most similar comparables sold for prices ranging from \$1,020,000 to \$1,800,000 or from \$194.21 to \$371.82 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,591,260 or \$294.79 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
