

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adam Keyser
DOCKET NO.: 24-00980.001-R-1
PARCEL NO.: 16-10-315-015

The parties of record before the Property Tax Appeal Board are Adam Keyser, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$58,939
IMPR.: \$96,335
TOTAL: \$155,274

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a tri-level dwelling of brick exterior construction with 1,334 square feet of living area. The dwelling is approximately 70 years old. Features of the home include a basement/lower level, central air conditioning, two fireplaces and a garage with 529 square feet of building area. The property has a site with approximately 15,390 square feet of land area and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables. The comparables are located in the same assessment neighborhood code as the subject and within .82 of a mile from the subject property. The comparables are improved with tri-level dwellings of wood siding or brick and wood siding exterior construction ranging in size from 1,519 to 1,633 square feet of living area. The comparables are 67 or 70 years old. Each comparable has a basement/lower level, central air conditioning and a garage ranging in size from 378 to 575 square feet of building area. Three comparables each have one fireplace. The comparables have

improvement assessments that range from \$91,017 to \$102,484 or from \$58.12 to \$64.94 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$82,651 or \$61.96 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$155,274. The subject property has an improvement assessment of \$96,335 or \$72.22 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three suggested equity comparables. The comparables are located in the same assessment neighborhood code as the subject and within .99 of a mile from the subject property. The comparables are improved with tri-level dwellings of brick exterior construction ranging in size from 1,128 to 1,345 square feet of living area. The dwellings range in age from 59 to 64 years old. Each comparable has a basement/lower level. Two comparables have central air conditioning. One comparable has one fireplace. Two comparables each have a garage containing 484 square feet of building area. The comparables have improvement assessments ranging from \$82,651 to \$97,957 or from \$72.83 to \$74.00 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board has given less weight to appellant's comparables #2 and #3 due to their larger dwelling size when compared to the subject. The Board has given reduced weight to board of review comparables #1 and #2 due to their lack of a garage or lack of central air conditioning when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #4 along with board of review comparable #3. The Board finds that these comparables are most similar to the subject in location, design, dwelling size, age and some features. These most similar comparables have improvement assessments ranging from \$87,022 to \$98,646 or from \$58.12 to \$74.00 per square foot of living area. The subject's improvement assessment of \$96,335 or \$72.22 per square foot of living area falls within the range of the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
