

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Phillip Kostecka
DOCKET NO.: 24-01001.001-R-1
PARCEL NO.: 23-15-03-304-003-0000

The parties of record before the Property Tax Appeal Board are Phillip Kostecka, the appellant, by attorney Kristin Kladis, of Kladis Law, PC in Chicago; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Will County Board of Review** is warranted. The correct assessed valuation of the property is:

LAND: \$24,306
IMPR.: \$56,562
TOTAL: \$80,868

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of brick exterior construction with 1,650 square feet of living area. The dwelling was constructed in 1965 and is approximately 60 years old. Features of the home include a basement, central air conditioning, a fireplace, and a 563 square foot garage. The property is located in Crete, Crete Township, Will County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1.5-story or 2-story homes of brick exterior construction ranging in size from 1,957 to 3,214 square feet of living area with varying degrees of similarity to the subject in age and features. The comparables have improvement assessments ranging from \$56,221 to \$91,148 or from \$28.00 to \$28.73 per square foot of living area. Based on this

evidence, the appellant requested a reduction in the subject's improvement assessment to \$49,252.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$80,868. The subject property has an improvement assessment of \$56,562 or \$34.28 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood and within 0.4 of a mile from the subject. The comparables are improved with 1-story homes of brick exterior construction ranging in size from 2,089 to 2,905 square feet of living area with varying degrees of similarity to the subject in age and features. The comparables have improvement assessments ranging from \$74,087 to \$99,417 or from \$32.12 to \$35.47 per square foot of living area.

The board of review submitted a brief from the township assessor's office contending the appellant's comparables differ from the subject in design, whereas the board of review's comparables are all 1-story homes like the subject. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables, which are 1.5-story or 2-story homes compared to the subject 1-story home, and to the board of review's comparables #1 and #2, which are less similar to the subject in dwelling size than the other comparables in this record.

The Board finds the best evidence of assessment equity to be the board of review's comparables #3 and #4, which are more similar to the subject in design, location, and dwelling size than the other comparables in this record but have varying degrees of similarity to the subject in age and other features, suggesting adjustments to these comparables would be needed to make them more equivalent to the subject. These comparables have improvement assessments of \$74,087 and \$84,759 or \$35.47 and \$35.29 per square foot of living area, respectively. The subject's improvement assessment of \$56,562 or \$34.28 per square foot of living area falls below the best two comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
