

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bill Cacis
DOCKET NO.: 24-01093.001-R-1
PARCEL NO.: 19-09-36-101-003-0000

The parties of record before the Property Tax Appeal Board are Bill Cacis, the appellant, by attorney Kristin Kladis, of Kladis Law, PC in Chicago; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Will** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,209
IMPR.: \$190,874
TOTAL: \$203,083

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of brick exterior construction with 3,407 square feet of living area. The dwelling was constructed in 2005 and is approximately 19 years old. Features of the home include a basement, central air conditioning, a fireplace, an 802 square foot garage, and an inground swimming pool.¹ The property has a 15,530 square foot site and is located in Frankfort, Frankfort Township, Will County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within the same assessment neighborhood as the subject and 0.5 of a mile or 1 mile from the subject. The comparables are improved with 1.5-story homes of brick exterior construction ranging in size from 3,714 to 3,894 square feet of living area. The dwellings range

in age from 17 to 20 years old. Each home has a basement, central air conditioning, a fireplace, and a 724 or an 805 square foot garage. The comparables have improvement assessments ranging from \$188,345 to \$200,077 or from \$50.39 to \$51.38 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$177,981.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$203,083. The subject property has an improvement assessment of \$190,874 or \$56.02 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1.5-story homes of brick exterior construction ranging in size from 3,249 to 3,568 square feet of living area. The dwellings were built from 2006 to 2010. Each home has a basement, central air conditioning, and a garage ranging in size from 754 to 947 square feet of building area. One home has a fireplace. The comparables have improvement assessments ranging from \$181,895 to \$197,353 or from \$53.86 to \$55.98 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of six equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #2, which is a substantially larger home than the subject. The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3 and the board of review's comparables, which are similar to the subject in dwelling size, age, location, and most features, although these comparables do not have an inground swimming pool like the subject, suggesting upward adjustments to these comparables would be needed to make them more equivalent to the subject. These comparables have improvement assessments that range from \$181,895 to \$197,353 or from \$50.39 to \$55.98 per square foot of living area. The subject's improvement assessment of \$190,874 or \$56.02 per square foot of living area falls within the range established by the best comparables in terms of total improvement assessment and slightly above the range on a per square foot basis. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, such as their lack of an inground swimming pool, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
