

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Pagunas
DOCKET NO.: 24-01262.001-R-1
PARCEL NO.: 16-05-20-203-004-0000

The parties of record before the Property Tax Appeal Board are William Pagunas, the appellant, by attorney Kristin Kladis, of Kladis Law, PC in Chicago; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Will** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$41,971
IMPR.: \$145,331
TOTAL: \$187,302

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,249 square feet of living area. The dwelling was constructed in 1991 and is 33 years old. Features of the home include a basement, central air conditioning, a fireplace, a 708 square foot attached garage, and a 936 square foot detached garage. The property has a 44,096 square foot site and is located in Homer Glen, Homer Township, Will County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within the subject's subdivision and within .9 of a mile of the subject. The comparables consist of two-story dwellings of brick exterior construction ranging in size from 3,678 to 5,370 square feet of living area. The homes range in age from 19 to 34 years old. Each dwelling has central air conditioning, a fireplace, a basement, and a garage ranging in size from 687 to 789 square feet of building area. The comparables have improvement assessments

ranging from \$154,284 to \$183,480 or from \$34.17 to \$41.95 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$135,451 or \$41.69 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$187,302. The subject property has an improvement assessment of \$145,331 or \$44.73 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the subject's subdivision and within .23 of a mile of the subject. The comparables consist of two-story dwellings ranging in size from 2,603 to 3,599 square feet of living area. The homes were built from 1995 to 2003. Each dwelling has central air conditioning, a fireplace, a basement, and an attached garage ranging in size from 699 to 1,322 square feet of building area. Comparables #2 and #5 each have an additional detached garage containing 620 and 1,011 square feet of building area, respectively. The comparables have improvement assessments ranging from \$126,651 to \$183,351 or from \$47.44 to \$56.99 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #1 and #3, as well as board of review comparables #1, #2, and #5, which differ from the subject in age and/or dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparable #2 and board of review comparables #3 and #4, which are similar to the subject in age, location, dwelling size, and some features. These comparables have improvement assessments that range from \$143,760 to \$170,746 or from \$41.95 to \$47.89 per square foot of living area. The subject's improvement assessment of \$145,331 or \$44.73 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
