

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Amie Panagakos
DOCKET NO.: 24-01263.001-R-1
PARCEL NO.: 16-05-24-106-005-0000

The parties of record before the Property Tax Appeal Board are Amie Panagakos, the appellant, by attorney Kristin Kladis, of Kladis Law, PC in Chicago; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Will** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,124
IMPR.: \$165,046
TOTAL: \$205,170

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 2,787 square feet of living area. The dwelling was constructed in 2000 and is 24 years old. Features of the home include a basement, central air conditioning, a fireplace, an inground swimming pool, and a 760 square foot garage. The property has a 14,566 square foot site and is located in Homer Glen, Homer Township, Will County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within the subject's subdivision and within .1 of a mile of the subject. The comparables consist of one-story or two-story dwellings of brick exterior construction ranging in size from 2,710 to 3,033 square feet of living area.¹ The homes are either 23 or 25 years old.

¹ While the appellant reported comparables #2 and #3 to be one-story dwellings, the property record cards submitted by both the appellant and board of review disclose these properties contain two-story homes.

Each dwelling has central air conditioning, a fireplace, a basement, and a garage ranging in size from 609 to 899 square feet of building area. The comparables have improvement assessments ranging from \$143,481 to \$161,759 or from \$52.95 to \$54.66 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$153,396 or \$55.04 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$205,170. The subject property has an improvement assessment of \$165,046 or \$59.22 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the subject's subdivision and within .1 of a mile of the subject. The comparables consist of one-story dwellings ranging in size from 2,487 to 2,775 square feet of living area. The homes were built from 1998 to 2000. Each dwelling has central air conditioning, one or two fireplaces, a basement, and a garage ranging in size from 550 to 743 square feet of building area. The comparables have improvement assessments ranging from \$161,877 to \$178,806 or from \$59.67 to \$69.39 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #2 and #3, which differ from the subject in design.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and the comparables presented by the board of review, which are similar to the subject in age, location, dwelling size, design, and some features, although each comparable lacks an inground swimming pool which is a feature of the subject. These comparables have improvement assessments that range from \$152,785 to \$178,806 or from \$54.66 to \$69.39 per square foot of living area. The subject's improvement assessment of \$165,046 or \$59.22 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
