

## FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Ward Ross  
DOCKET NO.: 24-01352.001-R-1  
PARCEL NO.: 16-09-108-022

The parties of record before the Property Tax Appeal Board are Ward Ross, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

<b>LAND:</b>	\$74,966
<b>IMPR.:</b>	\$135,288
<b>TOTAL:</b>	\$210,254

Subject only to the State multiplier as applicable.

### **Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

### **Findings of Fact**

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 2,322 square feet of living area. The dwelling is 59 years old. Features of the home include a full basement, central air conditioning, two fireplaces, and a 528 square foot garage. The property has a 12,750 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the subject's assessment neighborhood and within .27 of a mile of the subject. The comparables consist of two-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 2,668 to 2,896 square feet of living area. The homes range in age from 49 to 58 years old. Each dwelling has central air conditioning, a

fireplace, a partial basement with finished area, and a garage ranging in size from 440 to 494 square feet of building area. The comparables have improvement assessments ranging from \$135,096 to \$152,910 or from \$50.64 to \$52.88 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$121,220 or \$52.20 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$210,254. The subject property has an improvement assessment of \$135,288 or \$58.26 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within .28 of a mile of the subject. The comparables consist of two-story dwellings of wood siding or brick exterior construction ranging in size from 2,170 to 2,507 square feet of living area. The homes range from 52 to 57 years old. Each dwelling has central air conditioning, a fireplace, a full basement with three having finished area, and a garage ranging in size from 483 to 546 square feet of building area. The comparables have improvement assessments ranging from \$128,435 to \$149,392 or from \$59.09 to \$60.05 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #2, #3, and #4, which differ from the subject in dwelling size. The Board also gives less weight to the board of review's comparable #2, which lacks basement finish, a feature of the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables, which are similar to the subject in age, location, dwelling size, and features. These comparables have improvement assessments that range from \$135,096 to \$149,392 or from \$50.64 to \$60.05 per square foot of living area. The subject's improvement assessment of \$135,288 or \$58.26 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
