

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edwad Ronquillo  
DOCKET NO.: 24-01359.001-R-1  
PARCEL NO.: 16-05-19-314-005-0000

The parties of record before the Property Tax Appeal Board are Edwad Ronquillo, the appellant, by attorney Kristin Kladis, of Kladis Law, PC in Chicago; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Will** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$30,761  
**IMPR.:** \$129,825  
**TOTAL:** \$160,586

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 2,874 square feet of living area. The dwelling was constructed in 2002 and is 22 years old. Features of the home include a basement, central air conditioning, a fireplace, and a 473 square foot garage. The property has a 10,194 square foot site and is located in Lockport, Homer Township, Will County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within the subject's subdivision and within .7 of a mile of the subject. The comparables consist of two-story dwellings of brick exterior construction ranging in size from 2,905 to 3,374 square feet of living area. The homes are 19 or 23 years old. Each dwelling has central air conditioning, a fireplace, a basement, and a garage ranging in size from 656 to 722 square feet of building area. The comparables sold from May to November 2022 for prices ranging from \$420,000 to \$505,000 or

from \$144.58 to \$151.77 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$151,354, for an estimated market value of \$454,107 or \$158.01 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$160,586. The subject's assessment reflects a market value of \$481,806 or \$167.64 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.<sup>1</sup>

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within the subject's subdivision and within .34 of a mile of the subject. The comparables consist of two-story dwellings ranging in size from 2,835 to 3,066 square feet of living area. The dwellings were built from 2001 to 2014. Each dwelling has central air conditioning, a fireplace, a basement, and a garage ranging in size from 443 to 722 square feet of building area. The parcels range in size from 8,920 to 14,679 square feet of land area. The comparables sold from April 2022 to August 2023 for prices ranging from \$495,000 to \$551,000 or from \$170.40 to \$185.19 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the comparables submitted by the appellant, as well as board of review comparables #2 and #4, which sold less proximate to the January 1, 2024 assessment date at issue and/or differ from the subject in age or dwelling size.

The Board finds the best evidence of market value to be board of review comparable sales #1 and #3, which sold proximate to the assessment date and are similar to the subject in age, location, dwelling size, and features. These most similar comparables sold in August 2023 for prices of \$495,000 and \$520,000 or for \$170.40 and \$183.36 per square foot of living area, including land. The subject's assessment reflects a market value of \$481,806 or \$167.64 per square foot of living area, including land, which is below the two best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for

differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.
