

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Annette Cvengros
DOCKET NO.: 24-01405.001-R-1
PARCEL NO.: 04-09-304-099

The parties of record before the Property Tax Appeal Board are Annette Cvengros, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,629
IMPR.: \$99,330
TOTAL: \$112,959

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 1,904 square feet of living area. The dwelling was constructed in 2002 and is approximately 22 years old. Features of the home include a basement, central air conditioning, a fireplace and a 520 square foot garage. The property has an approximately 37,886 square foot site and is located in Winthrop Harbor, Benton Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable properties that have the same assessment neighborhood code as the subject. The comparables are located from .56 to .90 of a mile from the subject property. The comparables have sites that range in size from approximately 17,585 to 24,921 square feet of land area. The comparables are improved with one-story dwellings of wood frame exterior construction ranging in size from 1,526 to 1,981 square feet of living area.

The dwellings are from 29 to 46 years old. The comparables each have a basement, central air conditioning, a fireplace and a garage ranging in size from 484 to 630 square feet of building area. The comparables sold from January to October 2023 for prices ranging from \$270,000 to \$340,000 or from \$159.14 to \$176.93 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$100,902, which would reflect a market value of \$302,736 or \$159.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$112,959. The subject's assessment reflects a market value of \$338,911 or \$178.00 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.¹

In support of its contention of the correct assessment the board of review submitted information on four comparable properties that have the same assessment neighborhood code as the subject and are located from .47 of a mile to 1.21 miles from the subject property. The board of review's comparable #2 is the same property as the appellant's comparable #5. The comparables have sites that range in size from 12,750 to 24,919 square feet of land area. The comparables are improved with one-story dwellings of brick or wood siding exterior construction ranging in size from 1,620 to 1,939 square feet of living area. The dwellings are 17 or 37 years old. The comparables each have a basement, two of which have finished area. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 440 to 630 square feet of building area. The comparables sold from October 2023 to September 2024 for prices ranging from \$339,000 to \$344,000 or from \$175.35 to \$209.26 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable sales for the Board's consideration, as one sale is common to both parties. The Board has given less weight to the appellant's comparables #1, #2, #3 and #4, as well as board of review comparables #3 and #4 due to significant differences from the subject in age and/or dwelling size.

¹ Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). Prior to the drafting of this decision, the Department of Revenue has yet to publish figures for tax year 2024.

The Board finds the best evidence of market value to be the appellant's comparable #5/board of review comparable #2 and board of review comparable #1, which have the same assessment neighborhood code as the subject and are overall more similar to the subject in dwelling size, design, age and some features. These two comparables sold in October 2023 and June 2024 for prices of \$340,000 and \$344,000 or for \$175.35 and \$199.54 per square foot of living area, including land. The subject's assessment reflects a market value of \$338,911 or \$178.00 per square foot of living area, including land, which falls below the two best comparable sales in the record in terms of overall value and is bracketed by the comparables on a price per square foot of living area basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Therefore, based on this record the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
