

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Rita Commons
DOCKET NO.: 24-01406.001-R-1
PARCEL NO.: 04-09-401-134

The parties of record before the Property Tax Appeal Board are Rita Commons, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$8,919
IMPR.:	\$110,629
TOTAL:	\$119,548

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,940 square feet of living area. The dwelling was constructed in 1988 and is approximately 36 years old. Features of the home include a basement, central air conditioning and a 484 square foot garage. The property has an approximately 12,838 square foot site and is located in Winthrop Harbor, Benton Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable properties that are located from .32 of a mile to 1.63 miles from the subject property. The comparables have sites that range in size from approximately 12,963 to 167,000 square feet of land area. The comparables are improved with two-story dwellings of wood frame exterior construction ranging in size from 2,544 to 3,353 square feet of living area. The dwellings are from 19 to 82 years old. The comparables each

have a basement and central air conditioning. Four comparables each have a fireplace and four comparables each have a garage ranging in size from 660 to 1,752 square feet of building area. The comparables sold from March to November 2023 for prices ranging from \$265,000 to \$435,000 or from \$79.03 to \$145.39 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$119,548, which would reflect a market value of \$358,680 or \$122.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$141,522. The subject's assessment reflects a market value of \$424,608 or \$144.42 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.¹

In support of its contention of the correct assessment the board of review submitted information on three comparable properties that have the same assessment neighborhood code as the subject and are located approximately .42 of a mile to 1.22 miles from the subject property. The comparables have sites that range in size from 7,250 to 15,960 square feet of land area. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 1,960 to 2,146 square feet of living area. The dwellings are from 19 to 34 years old. The comparables each have a basement, one of which has finished area. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 456 to 702 square feet of building area. The comparables sold from July 2023 to March 2024 for prices ranging from \$325,000 to \$378,700 or from \$151.44 to \$178.52 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #4 and #5, along with the three comparables submitted by the board of review, due to differences from the subject in dwelling size and/or age. Additionally, the appellant's comparables #1 and #4, as well as board of review comparable #3 are located more than one mile away from the subject and the appellant's comparables #1 and #5 each have a substantially larger site size, when compared to the subject.

¹ Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). Prior to the drafting of this decision, the Department of Revenue has yet to publish figures for tax year 2024.

The Board finds the appellant's comparables #2 and #3 are similar to the subject in location, site size, dwelling size, design, age and some features. These two comparables sold in May and November 2023 for prices of \$320,000 and \$330,900 or for \$102.79 and \$127.66 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$424,608 or \$144.42 per square foot of living area, including land, which falls above the two best comparable sales in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the subject's estimated market value as reflected by its assessment is excessive. Therefore, based on this record the Board finds a reduction in the subject's assessment commensurate with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
