

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lakeview Management Solutions  
DOCKET NO.: 24-01411.001-R-1  
PARCEL NO.: 04-20-215-002

The parties of record before the Property Tax Appeal Board are Lakeview Management Solutions, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,320  
**IMPR.:** \$69,695  
**TOTAL:** \$78,015

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of brick exterior construction with 1,998 square feet of living area.<sup>1</sup> The dwelling was constructed in 1965 and is approximately 59 years old. Features of the home include a basement and two bathrooms. The property has an approximately 8,160 square foot site and is located in Zion, Zion Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable properties that are located within the same block or from .56 of a mile to 1.02 miles from the subject property. The comparables have sites that range in size from approximately 7,248 to 15,002 square feet of land area. The comparables are improved with one-story dwellings of wood frame exterior construction ranging in size from 1,728 to 1,912 square feet of living area. The dwellings are from 44 to 70 years old. <sup>1</sup> The board of review disclosed the subject dwelling has a brick exterior, which was not refuted by the appellant.

comparables each have a basement and two bathrooms. Two comparables have central air conditioning, one comparable has a fireplace and three comparables each have a garage ranging in size from 528 to 910 square feet of building area. The comparables sold from January 2022 to January 2023 for prices ranging from \$146,000 to \$190,000 or from \$83.68 to \$104.88 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$60,600, which would reflect a market value of \$181,818 or \$91.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$78,015. The subject's assessment reflects a market value of \$234,068 or \$117.15 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.<sup>2</sup>

In support of its contention of the correct assessment the board of review submitted information on three comparable properties that have the same assessment neighborhood code as the subject and are located from approximately .59 to .75 of a mile from the subject property. The comparables have sites that range in size from 6,960 to 11,440 square feet of land area. The comparables are improved with one-story dwellings of brick exterior construction ranging in size from 1,728 to 1,980 square feet of living area. The dwellings are from 46 to 63 years old. The comparables each have a basement and two bathrooms. Comparable #3 has central air conditioning and a 529 square foot garage. The comparables sold from July 2023 to January 2024 for prices of \$219,400 or \$270,000 or from \$126.97 to \$140.63 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2, #4 and #5 due to their sale dates occurring in 2022, which are less proximate in time to the lien date at issue than other sales in the record. Additionally, the appellant's comparables #1, #2, #4 and #5 have central air conditioning and/or a garage, unlike the subject and the appellant's comparable #4 is located more than one mile away from the subject. The Board has given reduced weight to board of review comparable #3 which has central air conditioning and a garage, unlike the subject.

<sup>2</sup> Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). Prior to the drafting of this decision, the Department of Revenue has yet to publish figures for tax year 2024.

The Board finds the appellant's comparable #3, along with board of review comparables #1 and #2 sold more proximate in time to the January 1, 2024 assessment date. These three comparables are similar to the subject in location, dwelling size, design, age and features. The comparables sold from January to August 2023 for prices ranging from \$173,000 to \$270,000 or from \$91.44 to \$136.36 per square foot of living area, including land. The subject's assessment reflects a market value of \$234,068 or \$117.15 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Therefore, based on this record the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
