

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Wynn
DOCKET NO.: 24-01420.001-R-1
PARCEL NO.: 04-33-400-006

The parties of record before the Property Tax Appeal Board are Michael Wynn, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,014
IMPR.: \$101,304
TOTAL: \$116,318

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of two dwellings with a combined 3,953 square feet of living area.¹ Dwelling #1 is a one-story dwelling with wood siding exterior construction and 2,092 square feet of living area. This dwelling is 101 years old. Features of the home include a crawl-space foundation and a fireplace. Dwelling #2 is a one-story dwelling with wood siding exterior construction and 1,861 square feet of living area. This dwelling is 75 years old and has a concrete slab foundation and a 630 square foot garage. The property has a 49,500 square foot site and is located in Beach Park, Benton Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within the subject's

assessment neighborhood and within .82 of a mile of the subject. The comparables consist of one-story dwellings of frame exterior construction ranging in size from 2,253 to 2,760 square feet of living area. The homes range in age from 22 to 58 years old. Each dwelling has a basement and a fireplace, and two comparables have central air conditioning and a garage containing either 500 or 1,863 square feet of building area. The parcels range in size from 16,200 to 135,646 square feet of land area. The comparables sold from January to October 2023 for prices ranging from \$305,000 to \$410,000 or from \$125.00 to \$149.85 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$101,103, for an estimated market value of \$303,339 or \$76.74 per square foot of living area, including land, when applying the statutory level of assessment of 33.33% and using a combined 3,953 square feet of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$116,318. The subject's assessment reflects a market value of \$348,989 or \$88.28 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.²

In support of its contention of the correct assessment the board of review submitted information on two comparable sales located within the subject's assessment neighborhood and within .91 of a mile of the subject. The comparables consist of one-story dwellings of brick exterior construction containing either 1,722 or 1,872 square feet of living area. The dwellings are 52 or 61 years old. Each dwelling has a full basement, a fireplace, and a garage containing either 500 or 624 square feet of building area. One comparable has central air conditioning. The parcels contain either 21,780 or 30,179 square feet of land area. The comparables sold in August 2022 and November 2023 for prices of \$305,000 and \$315,000 or for \$168.27 and \$177.12 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparable #4, as well as the comparables submitted by the board of review, which differ from the subject in age, dwelling size, and/or sold less proximate to the January 1, 2024 assessment date at issue.

² Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill. Admin. Code §1910.50(c)(1). Prior to the drafting of this decision, the Department of Revenue has yet to publish figures for tax year 2024.

The Board finds the best evidence of market value to be the appellant's comparables #1 through #3, which sold proximate to the assessment date at issue and are similar to the subject in location, dwelling size, and some features. These most similar comparables sold from January to October 2023 for prices ranging from \$305,000 to \$350,000 or from \$125.00 to \$144.51 per square foot of living area, including land. The subject's assessment reflects a market value of \$348,989 or \$88.28 per square foot of living area, including land, which is within the range established by the best comparable sales in this record overall, is below the range on a per-square-foot basis, and appears well supported given the subject's two dwellings. Based on this evidence and after considering adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
