

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Morris Foster
DOCKET NO.: 24-01454.001-R-1
PARCEL NO.: 07-26-415-014

The parties of record before the Property Tax Appeal Board are Morris Foster, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,630
IMPR.: \$146,378
TOTAL: \$171,008

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,990 square feet of living area. The dwelling is approximately 8 years old. Features of the home include an unfinished basement, central air conditioning and a garage with 576 square feet of building area. The property has an approximately 9,801 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales located in the same neighborhood code as the subject property. The comparables have sites ranging in size from 9,148 to 15,808 square feet of land area. The comparables are improved with 2-story dwellings of wood frame exterior construction ranging in size from 2,632 to 2,945 square feet of living area that range in age from 23 to 30 years old. The appellant reported that each comparable has a basement, central air conditioning, one fireplace and a garage ranging in size from 462 to 554 square feet of building area. The comparables sold from May 2023 to August 2024 for prices ranging from \$403,000 to

\$525,000 or from \$153.12 to \$180.39 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$171,008. The subject's assessment reflects a market value of \$513,075 or \$171.60 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.¹

In response to the appeal, the board of review, through the township assessor, submitted a memorandum on the appellant's comparables pointing out the differences in ages from the subject property.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales, comparables #1, #2 and #3 are the same properties as the appellant's comparables #4, #3 and #5, respectively. The comparables are located in the same assessment neighborhood as the subject property. The comparables have sites ranging in size from 9,309 to 15,808 square feet of land area. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,631 to 2,945 square feet of living area that range in age from 22 to 28 years old. Each comparable has a basement, two with finished area, central air conditioning, one fireplace and a garage ranging in size from 462 to 616 square feet of building area. The comparables sold from June 2023 to May 2024 for prices ranging from \$454,000 to \$525,000 or from \$169.78 to \$188.14 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six comparable sales for the Board's consideration, with three comparables being common to both parties. The Board has given less weight to appellant's comparable sales #1 and #3 as well as board of review comparable sales #2 and #4, which includes one common comparable, due to their smaller dwelling size when compared to the subject.

The Board finds the best evidence of market value to be the common comparables along with appellant's comparable sale #2. The Board finds that these three comparables are relatively similar to the subject in location, design, dwelling size, and some features. However, each of the

¹ Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). As of the development of this Final Administrative decision, the Department of Revenue has not published figures for tax year 2024.

comparables are older in age and one comparable has a finished basement, a feature the subject lacks, suggesting adjustments would be required to make these three comparables more equivalent to the subject. Nevertheless, these three comparables sold from May 2023 to May 2024 for prices ranging from \$470,000 to \$525,000 or from \$168.58 to \$180.39 per square foot of living area, including land. The subject's assessment reflects a market value of \$513,075 or \$171.60 per square foot of living area, including land, falls within the range of the three best comparable sales in this record. Based on this record and after considering adjustments to the three best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
