

## FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Roberta Gordon  
DOCKET NO.: 24-01493.001-R-1  
PARCEL NO.: 08-05-413-010

The parties of record before the Property Tax Appeal Board are Roberta Gordon, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,314  
**IMPR.:** \$58,446  
**TOTAL:** \$66,760

Subject only to the State multiplier as applicable.

### **Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

### **Findings of Fact**

The subject property consists of a 1-story dwelling of frame exterior construction with 864 square feet of living area. The dwelling was built in 1954 and is approximately 70 years old. Features of the home include a basement with finished area and a garage with 576 square feet of building area.<sup>1</sup> The property has an approximately 6,259 square foot site and is located in Waukegan, Waukegan Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales. The comparables are located in the same assessment neighborhood code as the subject and from .19 of a mile to 1.34 miles from the subject property. The comparables have sites that range in size from 5,828 to 16,122 square feet of land area. The comparables are improved with 1-story dwellings of frame exterior

<sup>1</sup> The Board finds the best description of the subject is found in the property characteristic sheet provided by the board of review, that was not refuted by the appellant.

construction containing 768 or 864 square feet of living area. The dwellings are 70 or 71 years old. Each comparable has a basement. Three comparables have central air conditioning and three comparables each have a garage ranging in size from 440 to 672 square feet of building area. The comparables sold from March 2023 to May 2024 for prices ranging from \$30,000 to \$135,000 or from \$39.06 to \$166.67 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$66,760. The subject's assessment reflects a market value of \$200,300 or \$231.83 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.<sup>2</sup>

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales. The comparables are located in the same assessment neighborhood as the subject and from 1.12 to 1.33 miles from the subject property. The comparables have sites ranging in size from 6,161 to 7,943 square feet of land area. The comparables are improved with 1-story dwellings of frame exterior construction containing 864 square feet of living area. The dwellings are 70 or 71 years old. Each comparable has a basement, one with finished area. Three comparables each have central air conditioning and two comparables each have a garage containing 528 square feet of building area. The comparables sold from October 2023 to June 2024 for prices ranging from \$197,000 to \$240,000 or from \$228.01 to \$277.78 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

The board of review submitted evidence of the appellant's comparables #1 and #3 indicating that they were short sales and comparables #2 and #3 were sold "as-is" and in need of repair.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable sales for the Board's consideration. The Board has given less weight to appellant's comparables #1, #2 #3 and #5 as well as board of review comparables #2, #3 and #4 due to their differences from the subject in dwelling size and/or central air conditioning.

---

<sup>2</sup> Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill.Admin.Code Sec. 1910.50(c)(1). As of the development of this Final Administrative decision, the Department of Revenue has not published figures for tax year 2024.

The Board finds the best evidence of market value to be appellant's comparable #4 along with board of review comparable #1. The Board finds that these two comparables are most similar to the subject in age, design, dwelling size and some features. However, both comparables lack a finished basement and a garage, suggesting upward adjustments would be required to make these two comparables more equivalent to the subject. Nevertheless, these two most similar comparables sold in November 2023 and June 2024 for prices of \$135,000 and \$230,000 or \$156.25 and \$266.20 per square foot of living area, including land. The subject's assessment reflects a market value of \$200,300 or \$231.83 per square foot of living area, including land, is bracketed by the best comparable sales in this record.

Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
