

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ronald Bishop
DOCKET NO.: 24-01494.001-R-1
PARCEL NO.: 08-08-208-016

The parties of record before the Property Tax Appeal Board are Ronald Bishop, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,192
IMPR.: \$86,535
TOTAL: \$98,727

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 1,160 square feet of living area. The dwelling was constructed in 2004 and is 20 years old. Features of the home include a full basement with finished area, central air conditioning, and a 576 square foot garage. The property has an 8,465 square foot site and is located in Waukegan, Waukegan Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within the subject's assessment neighborhood. The comparables consist of one-story dwellings of frame exterior construction ranging in size from 1,004 to 1,273 square feet of living area. The homes are either 36 or 60 years old. Two dwellings have central air conditioning, one comparable has a fireplace, and each comparable has a garage ranging in size from 294 to 576 square feet of building area.

The parcels range in size from 7,963 to 13,090 square feet of land area. The comparables sold from January 2022 to April 2023 for prices ranging from \$210,000 to \$227,500 or from \$164.96 to \$226.59 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$70,753, for an estimated market value of \$212,280 or \$183.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$98,727. The subject's assessment reflects a market value of \$296,211 or \$255.35 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.¹

In support of its contention of the correct assessment the board of review submitted information on one comparable sale, which is the same property as the appellant's comparable #3. The board of review also submitted a memorandum noting that the subject is of newer construction in an area of predominantly 50-year-old or older dwellings. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of three comparable sales to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties.

The Board finds the parties' comparables are similar to the subject in location, dwelling size, and some features. The comparables sold for prices ranging from \$210,000 to \$227,500 or from \$164.96 to \$226.59 per square foot of living area, including land. The subject's assessment reflects a market value of \$296,211 or \$255.35 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. However, the Board finds the subject's higher assessment logical given the subject's newer dwelling and basement finish in relation to the comparables. Based on this evidence and after considering adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

¹ Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill. Admin. Code §1910.50(c)(1). Prior to the drafting of this decision, the Department of Revenue has yet to publish figures for tax year 2024.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
